## Plead For Open Land Purchases

The annual meeting of the Oak Hill District Improvement Association last week heard several speakers urge immediate acquisition by the City of Newton for open land before it is acquired for other purposes.

Alderman William Carmen of Ward 7 favored immediate purchases of open land and also urged the City to obtain rights of land and permit the owners and heirs to use it. The right to the land should revert to the city, he said.

William P. Byrne, director of the Newton Community Center, spoke of the need for open areas for recreational areas, playgrounds and parks. He also cited the growing housing problem, especially for the Negro community in West Newton who will be forced to move because of the Toll Road extension.

Mayor and Mrs. Donald L. Gibbs, official guests of the Federal Republic of Germany, leave tomorrow (Friday) via Lufthansa, German airlines, for a three weeks visit which will include Berlin, Bonn and Munich.

Mayor Gibbs expressed his appreciation to the Federal Republic, through its Consul, Dr. Phillip Schmidt-Schlegel, "for its generous consideration to Newton and its citizens by selecting the mayor of this community for this opportunity to further international understanding."

This visit, he said, will allow a mutual exchange of ideas and will provide an opportunity to appreciate at first hand the viewpoints and problems of this dynamic country.

The 11 taxpayers were Harold J. Perkins, Mrs. Priscilla Seaton, Walter J. Kreske, Renier Beeuwkes Jr., Helen J. Panella, Bencion Moskow, H. Story Granger, Samuel H. Balkan, Richard Fuller, George G. Broadhead and Benjamin H. Leighton.

## Eliot Church To Take Part In Hub Event

The Eliot Congregational Church of Newton is completing arrangements for participating in what promises to be a very popular event—a country auction—sponsored by the City Missionary Society of Boston. The auction will be held in the barn on the property of the Farrington Memorial, Inc., on Saturday, May 5, starting at 10 a.m. This property is located on Route 2, one half mile west of Route 128.

The proceeds of this event will be used for expansion and scholarships in the society's camping program for needy children of Boston.

By starting time the committee expects to have 1,000 articles to offer to the highest bidders—some antiques, furniture, electrical appliances, TV sets, skis, rugs, and dishes. There will be a snack bar serving homemade food and the auction will be held, rain or shine.

## Women Voter's League Turn Attention To Civil Service

The Newton League of Women Voters, in conjunction with the state organization, is working to promote the appointment of qualified persons to the Civil Service Commission and to staff and policy-making positions.

The League also will support the formation of a statewide Merit System Association to foster improvements in the state's civil service administration.

After three years of intensive examination of the Civil Service system in Massachusetts, the 12,000 League members have reached conclusions on certain areas in which they believe changes are needed. These include: the use of eligible lists, examination techniques, education qualifications, veteran's preference, "freeze-ins," coverage in-service training, adequate staffing and appropriations, and the reorganization of the system to provide for a centralized personnel agency.

Members of the Civil Service Committee of the Newton League of Women Voters are: Mrs. Lester Radio, chairman; Mrs. Norman Rosenberg, vice-chairman; Mrs. Arnold Rosoff, Mrs. Philip Paisner and Mrs. Arnold Mork.

FRANCIS W. PERRY

## Perry Seeks GOP Backing For Lt. Gov.

Representative Francis W. Perry of Duxbury, an outstanding crusader against corruption in government, has announced his candidacy for the Republican nomination for Lieutenant Governor.

Perry attracted widespread attention for his expose of operations in the State Waterways Division which resulted in a Grand Jury investigation and the indictment of several persons.

Now serving his second term in the Legislature, Perry graduated from Harvard College in 1935 and is a combat veteran of World War II.

He enlisted in the army as a private, rose to the rank of captain, was wounded in action, was awarded the Combat Infantry Badge, the Purple Heart and the Bronze Star Medal.

In 1960 Perry turned the spotlight of public attention on what he termed "sweetheart parking deals" by the State Public Works Department and was instrumental in forcing the parking areas to be leased on the basis of competitive bids.

Perry is planning an energetic drive for delegate support at the Republican State Convention and said he hopes to meet in the near future with the GOP delegates from this area.

## Dr. Dean

(Continued from Page 1)

His topic will be "Promising Educational Trends in Elementary Education." Prior to his talk, the Underwood School Glee Club will present a musical program, and new officers for the association will be elected at a business meeting scheduled for 7:45 p. m.

Dr. Dean's current duties take him to all parts of the country, working with elementary school principals, meeting with state, county, and local groups, and with university programs concerned with the preparation of elementary school principals. He is the author of numerous articles on elementary school administration and is a frequent speaker at state

conventions and professional conferences.

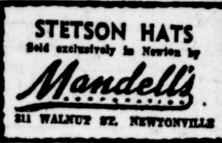

His most recent publication is a national survey entitled, "Elementary School Administration and Organization," published by the Office of Education.

Dr. Dean began his professional career in Newton as a classroom teacher at the Cabot School. He has served also as an elementary school principal in Plainville, Conn., and Milton, Mass.

He has studied at Yale and Harvard universities, and before receiving his doctoral degree from Boston University, he was director of curriculum for the elementary schools and assistant superintendent of schools in Waltham. After receiving his doctor's degree, he became a professor of education and director of the Laboratory School at the New

Britain Teachers College in Connecticut. While at this post, he was selected to serve overseas for the International Cooperation Administration on education missions to Paraguay and Nigeria.

Dr. Dean's wide experience gives him a wealth of material which should be valuable and interesting to parents. The Underwood School Parent-Teacher Association cordially invites the public to attend the meeting, to be held in the school auditorium, 101 Vernon St., Newton Corner.

Jon Barron, son of Mr. and Mrs. Harry Barron of 25 Dudley Road, Newton, received his diploma at the 77th graduation of the American Academy of Dramatic Arts in New York City, on the stage of the ANTA theatre.

Lehigh University in Bethlehem, Pa., announces that Thomas Barnes, of 51 Winthrop street, West Newton, has been offered admission to this Fall's freshman class. The class of 1966 is being selected from 2500 applicants.

## Holiday Blue Laws

Within a few days the State Senate will act upon a bill which, if approved, would lift the Sunday Blue Laws at 1 p.m. on Columbus Day and Veterans' Day.  
Why the Blue Laws should be in force at any time on either holiday is something of a mystery. St. Patrick's Day, Bunker Hill Day, Patriots' Day and Washington's Birthday all are celebrated in appropriate fashion without the Sunday laws in effect at all.  
The lifting of the Sunday Blue Laws at 1 p.m. on Columbus Day and Veterans' Day at least would be a half-step in the right direction.  
Loud were the protests last year on the two holidays when people discovered all the things they were forbidden by law to do, and great were the demands for sensible changes in the law to lift the absurd restrictions.

But the chaos, confusion and massive law-flouting which occurred last year have faded into memory, and certain groups are now pressuring legislators to retain the existing laws. That is ridiculous.  
As Senate President John E. Powers well puts it, this is a bread and butter issue which affects the economy of the entire Commonwealth and the prosperity of its citizens.

On Columbus Day and Veterans' Day last year an estimated \$100 million in business went outside of Massachusetts because people who wanted to celebrate the day by going shopping drove to Rhode Island or New Hampshire.

That was business which Massachusetts could not afford to lose. It meant bread on the table for many families. It meant smaller pay envelopes for workers who are paid by the day or the hour.

The observance of Columbus Day and Veterans' Day would in no way be impaired by lifting the Blue Laws at 1 p.m. In fact, events which were scheduled last year as part of the celebration of those holidays had to be called off because of the Sunday Blue Laws.

Ironically, while stores and shops were required to close down, the race track operated, and liquor stores and bars were wide open.

Is this what those advocating the retention of the Sunday Blue Laws really want to preserve?

Do they seriously believe that they honor the memory of Christopher Columbus by telling people they can't celebrate the day by going shopping if they desire to do so?

Members of the Legislature from this area can best serve the interests of the vast majority of their constituents by passing the bill which would lift the Blue Laws at 1 p.m. on Veterans' Day and Columbus Day.

To fail to do so would be to retain a silly law which never should have been passed. It's bad enough to make mistakes without preserving them.

## Newton-Wellesley Hospital 'Open House' Next Tuesday

Newton residents are invited to examine many of the fabulous new tools of modern health care next Tuesday afternoon and evening at Newton-Wellesley Hospital.

In observance of National Hospital Week, which opens Sunday, Newton-Wellesley Hospital is exhibiting the electronic devices and modern supplies that are helping to save lives and restore health.

The free exhibit will be held in the hospital's Usen Auditorium on Tuesday, May 8th, from 2 until 5 p.m., and from 7 until 9 p.m.

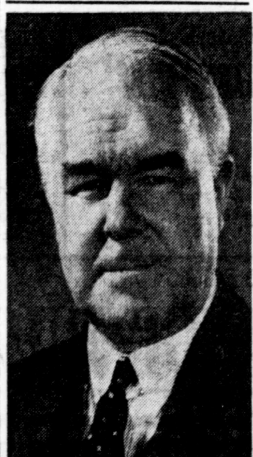

Carrying out the theme of National Hospital Week — "Your Hospital — United Science with Patient Care" — the hospital will show equipment used in the operating room, emergency department, and special care unit. Machines will be operating that stimulate a heart to beating, that monitor a heart beat, and that help a seriously ill patient to breathe.

Hospital personnel will be on hand to explain the modern equipment, and to describe how hospital workers are using the scientific tools. Other things they will demonstrate are a giant circOlectric bed for patients with fractures or burns; a complete patient room; the techniques of teaching paralyzed patients how to regain limb and muscle functions while bedfast; a host of disposable supplies and kits used at the bedside; the hospital's extensive program of infection control; and such devices as alternating pressure mattresses and laboratory equipment.

Because new equipment represents an investment by the hospital of \$100,000 each year, plus additional sizeable expenditures for new kinds and better kinds of supplies needed in modern patient care,

area residents will have an opportunity to see what the hospital has bought and what benefit patients derive from the purchases.

Hospital officials urge community residents to attend the once-only exhibit. Because the hospital auditorium can be reached most conveniently from the side nearest the Woodland M.T.A. station, hospital officials suggest visitors use parking lots on that side of the building.

LECTURER — Geith A. Plimmer, of London, will lecture on "Christian Science: The Discovery of the Healing Christ" at the First Church of Christ Scientist, 391 Walnut street, Newtonville, next Monday, May 7th at 8:00 p.m. He left the teaching profession in 1934 to enter the public practice of Christian Science healing. He is a native of West Australia.

### Decision On Murphy

Editor,  
Newton Graphic:  
I was astonished and astounded to read of the recent adverse vote of the Board of Aldermen in regard to the appointment of James E. Murphy as Recreation Commissioner.

My childhood years were spent participating in all recreation functions in the City of Newton. When I was married we lived at first in an adjoining town. One of the prime factors in our choice of Newton as the place in which we wanted to bring up our six children was the excellence of Newton's recreation department. Since we moved back to Newton in 1949, I have been very closely associated with all phases of Newton recreation—the Halloween parties, Little League, use of Newton Center playground facilities as a coach of one of our high school basketball teams, volunteer swimming and diving instructor at Crystal Lake—so I feel I have had the opportunity to observe the workings of the Department at very close range.

From my experience and observation, the Newton Recreation Department is the best in the country. And this has been due to the untiring and competent efforts of C. Evan Johnson, his assistant James Murphy and other dedicated people. Mr. Murphy contributed in a great part to this success. Of those recommended by the Recreation Commission, Mr. Murphy certainly was the most qualified candidate.

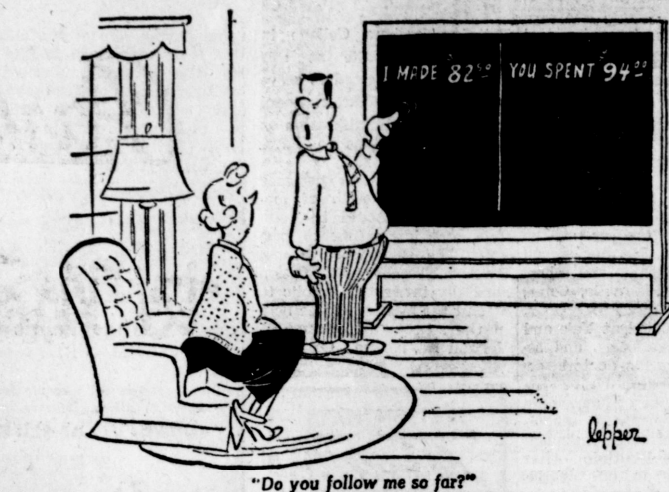

What was the reason that Mr. Murphy was turned down? Was it because he did not have a degree in physical education as has been indicated? Of course that couldn't be the case because he is too well qualified by experience. But if this is the standard the Board of Aldermen is using then how many aldermen are qualified in government? Do they have degrees in political science or government? Or was there some other reason not connected with his qualifications?

The parents of Newton should be seriously concerned about this action of the Board of Aldermen which apparently has rejected Mr. Murphy for reasons other than his qualifications.

Margaret E. Delaney,  
53 Crescent Avenue,  
Newton Centre.

## Alderman Bradley Opposes Pine St. Incinerator Site

Alderman Joseph G. Bradley of Ward I told a group of Newton residents opposed to the Pine Street site for a proposed incinerator that the need has not been established with a solid enough case at this time.

He recommended that residents of the area write their Alderman and make their feelings known. He spoke Monday night at the home of Mr. and Mrs. Joseph Walsh, 163 Pine St., Auburndale, to a group of some 40 Committee members and residents of Auburndale and West Newton.

"It is my feeling and conviction," Alderman Bradley stated, "that at this time there is no pressing need for additional incinerator facilities in the City of Newton."

"We have just expended a substantial sum of money to increase the capacity of the present incinerator and taking this into consideration, along with other factors, I feel we can wait a reasonable length of time before building a new incinerator."

"The study made," Mr. Bradley continued, "points out the fact that the proposed new incinerator will not be in operation at full capacity at least 15 to 20 years . . . It would seem wiser to wait until the need is clearer and the bonded indebtedness of the city could stand an additional two million dollars."

Alderman Bradley felt that

the most logical place to build a new incinerator, if needed, would be at the present site of the Elliot St. incinerator.

Committee members attending the meeting were Dennis Cronin Sr., and Dennis Cronin Jr., of 37 Oakland Ave., Auburndale; Miss Frances V. Sommers, 388 Lexington St., Aub. Mr. and Mrs. Edward Hington, 80 Albert R. Aub. Mrs. Liberta DiRusso, 25 Scribner Pk. Aub. Mrs. James Flynn, 167 Pine St., Aub. Mr. and Mrs. Robert Davis, 48 Auburndale Ave., W. N. The Body Wave is a form of permanent waving used on hair that either has a little natural wave or hair that waves easily.

It does not add appreciably to the amount of wave already in the hair, but gives such strength and resiliency to the wave as to make the hair seem naturally wavy and remarkably easy to put up.

It is for hair to which the ordinary permanent wave (however soft) gives too much curl.

Mrs. Paul Hutchinson was in charge of the luncheon; Mrs. Frank Bilek was chairman of the food table, with Mrs. Robert P. McCombs in charge of the bridge tables.

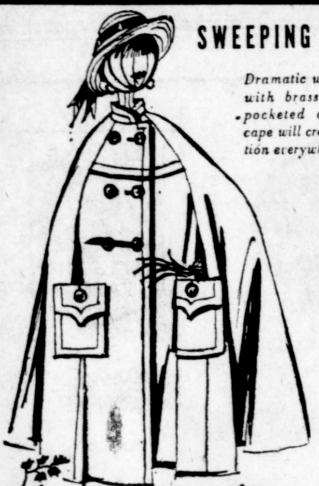

The attractive arrangements of spring flowers and plants used as a decorative scheme were the creations of Mrs. Clifton H. Curtis and her committee.

## Miss Rabb Tells Of Work With "Crossroads Africa"

Miss Betty Rabb of Newton Centre, will speak to high school students of the First Unitarian Church in West Newton Sunday, May 6, on "West Africa."

During the past summer Miss Rabb served with the "Operation Crossroads-Africa" program with 200 Americans and Africans from 10 African countries. As part of her service in the person-to-person program in Senegal, Africa, Miss Rabb did manual labor with the group helping to construct a public school.

The "Crossroads" program begun in 1958 and from which the "Peace Corps" drew its inspiration and basic plan, engages in many types of community need construction projects while it fosters better understandings between people of the U.S. and the African nations.

Miss Rabb, a graduate of Beaver Country Day School and currently a senior completing work at Radcliffe College, will show slides and discuss some of the cultural patterns of the countries she visited.

The discussion will be the last one of the year at the church. During the past month speakers have spoken each week on the different countries in Africa on "What Influence Does Religion Have on Contemporary Cultures?" Other countries covered during the year included: India, Pakistan, Thailand, Korea, Burma, Viet Nam, Japan, and others.

Miss Rabb is the daughter of Mr. and Mrs. Irving W. Rabb of 196 Morton street,

BETTY RABB

Newton Centre. In 1960 she spent most of the summer studying in Florence, Italy. The Unitarian Church high school program is under the direction of Mrs. Robert E. Tonks of 471 Heath street, Chestnut Hill.

the basic key to good teaching. How can I determine just what good teaching really is? ... Teacher turnover is a growing problem. What is the Newton School Administration doing to create the kind of atmosphere which will attract and keep good teachers?"

"Exploring the problems that worry parents is the aim of the conference," Mr. Grossman said. "And the Council is inviting the participation not only of Newton Parents, but PTA members from the surrounding communities of Weston, Wayland, Wellesley, Needham, Natick, Brookline, Lexington, and Concord."

To address the Teaching Conference Dr. Harold Gores, former Superintendent of Schools in Newton, will return for the first time since he resigned his position in June 1958 to become director of the Education Facilities Laboratories of the Ford Foundation, where he now conducts research and experimentation in the construction of school and college buildings. Dr. Gores will be joined on the platform by Lester Nelson, an associate in the Ford Foundation program, and by Mrs. Buena Stolberg of St. Louis, former president of the department of classroom teachers of the National Education Association.

A fact sheet about the teaching situation in the Newton Schools will be made available to everyone who attends the Conference. There will be a question and answer period.

The program for the May 17th Conference will begin with dinner at 6:30. For dinner reservations, send a check to Newton Council of PTA's, 88 Chestnut street, West Newton 65, Mass. Kindly list names of those covered by your check. Tickets may be picked up at the Registration Desk on the night of the Conference.

The Conference is open to all. People are welcome to come at 8:00 to hear the speakers if they do not plan to attend the dinner.

## Traffic Board-

missioner, the city engineer and a citizen chosen from the general public.

The previous plan provided for a three-member commission comprised of the police, fire and public works heads.

The big difference between the new proposal and that of last fall is that all recommendations by the commission now would be subject to approval or rejection by the Board of Aldermen.

Under the old plan, the commission would have been able to act on its own.

Commission to Examine Problems

While the commission would serve in a purely advisory capacity, all problems relating to traffic would be referred to it for its consideration and its recommendations for meeting them.

The commission would make recommendations to the Board of Aldermen on speed limits, location of traffic signals, designation of one-way streets, both off-street parking and curb parking, bus and loading zones and similar matters.

In this way, Mayor Gibbs said, one commission would be considering all traffic problems, eliminating several different officials follow their own approaches to the problems which comes before them.

Traffic matters which now come under the jurisdiction of different officials also could be studied from the standpoint of their relation to each other, the Mayor observed.

"I feel this would be a good thing and a vital step for the city," declared Mayor Gibbs who leaves tomorrow on a trip to Germany.

"I am confident that the new proposal will be satisfactory to the Board of Aldermen and that its adoption will enable us to meet Newton's traffic problems in a much more efficient manner," Gibbs stated.

### From Miss to Mrs. ...

By MASSIMINO

If you're like most young ladies, you've dreamed (or are dreaming) of your wedding day. And whether you realize it or not, you know how you want it to be. The only thing left to do is to make it a reality.

To arrange a perfect wedding that is dignified, full of imagination, spiritual meaning, traditional, and keep the procedure beautifully integrated, is an art in itself. And it makes no difference how small or large the wedding might be, it is still the job of a professional.

Unfortunately, there are too many people in the wedding business who take advantage of the fact that a wedding is a one time sale. And it is for this very reason that you must take extra care and do business with only the most trusted names in the wedding business.

You cannot afford the fifty dollar savings offered by a photographer who might not remember the film, the day, or the time of the wedding. Tomorrow is too late!

Nor can you afford to leave the choice of a wedding cake up to a caterer, hotel, or restaurant. The caterer, in most cases, buys his wedding cake from the cheapest baker since his main interest is the meal. And although he charges you as much, if not more, for the cake than a good bakery would, all he holds himself responsible to you for, is the meal. The wedding cake that cracked, the skimpy tiers, and the souring decorations are all blamed on the anonymous baker. And although it is true that this is a small detail, it is the smallest details that make the difference.

As a businessman, and as a professional wedding consultant, I cannot afford the photographer's savings nor the caterer's wedding cake. With every wedding that I arrange, my name and reputation are at stake. Hence, everything must be perfect.

That's why I rely on photographers like Vantine's who have been noted for photographic artistry in weddings since 1918. And when it comes to wedding cakes, Boschetto's Bakery in Roslindale produces the finest. For my fashion show at the Commonwealth Country Club, I had Boschetto make a five tier wedding cake that I served my guests, and I am still receiving compliments on it.

As you can see, the secret to arranging a perfect wedding is in being able to make the proper decisions and to keep the smallest details in check. It is the time to be particular. It is the time to demand the best, for the money you spend.

For your wedding day, you want your hair styled to perfection for you. Albert, Salon de Coiffure is famous for this. Mr. Albert's professional technique is not spoiled by amateur hands because he extends his service to you by sending his expert stylists to your home on your wedding day. He recombs your hair and places your headdress, leaving you a radiant bride with a perfect coiffure. This is the type beauty salon that helps you, rather than keep you in mind on your wedding day.

For your groom, you want him to have the latest styles in formal wear. Did you know that Cummins' Men Store in Roslindale is the only store that rents the latest style Continental tuxedo? Also exclusive with Cummins is the J. F. K. Cutaways and Strollers. You may have this year's wedding gown, but don't forget to make sure your fiancé is wearing the latest in formal wear to complement it.

On this page you will find my wedding directory that I offer you with some of the most trusted names in the wedding business.

MRS. NEAL M. SMITH

Mr. and Mrs. Robert Wolbarst of Newton Centre and Mrs. Irving Pearlman of Brooklyn, N.Y., and the late Mr. George Smith are the couple's parents.

Given in marriage by her father, the bride wore a candlelight peau de soie gown. Her fitted bodice had a portrait neckline appliqued with French Alencon lace and pearls, long pointed sleeves and a bouffant skirt which terminated in a chapel length train.

A matching headpiece held in place her silk illusion veil. She carried a Bible covered with additional white flowers. Mrs. Charles Smith was the bride's only attendant.

Charles Smith was best man for his brother, whose ushers were Barry Sulkin, Joshua Levy, Bernard Gilfix, David Satter, Gerald Levy, Richard Gale, Paul Wasserman and Arthur Rosenberg.

After a wedding trip to New York, the couple are now residing in West Newton.

The bride is a member of the senior class at Lesley College.

## - Political Highlights -

Continued from Page 1

Rumors have been whispered at the State House and have been published that Parker is Volpe's choice to be his running mate and that the Governor sent an emissary to the Taunton Senator urging that he seek the nomination for Lieutenant Governor.

Volpe's own statements, however, contradict those reports, and the Governor's assertions must be accepted unless future developments produce evidence to the contrary.

Chadwick faces a big geographical hurdle in his bid for second place on the GOP State ticket. Like Volpe, Chadwick is a resident of Winchester and is practically a neighbor of the Governor's. It would be highly unusual if the Republican Convention were to endorse candidates from the same town for Governor and Lieutenant Governor.

Parker is an able and articulate Senator and a former Mayor of Taunton who is respected by his colleagues in the upper legislative chamber and by the people of his district in southeastern Massachusetts.

However, he is not as well known as Perry who has attracted state-wide attention as a crusader against corruption. It was Perry who first created the corruption issue which Governor Volpe has embraced and on which he obviously intends to campaign for reelection to a second term.

Perry last year conducted an intensive, untiring one-man investigation into the operations of the State Waterways Division which led to Grand Jury proceedings by Attorney General Edward J. McCormack, Jr., and the indictment of several persons.

For week after week and month upon month Perry leveled shocking charges against the Waterways Division and the way it was run, producing one document after another to back up his allegations.

Some political observers believe that in the course of his drive the outspoken, hard-hitting Duxbury legislator offended Volpe by needling and prodding him into taking action.

If Volpe were misfired last year, he probably has forgotten about it, for he has taken over Perry's fight and recently ordered State Public Works Commissioner Jack P. Ricciardi to initiate removal proceedings against Waterways Director Rodolphe G. Bessette.

Volpe also has capitalized on the corruption issue, has tied his political hopes to it and is politically astute enough to realize that Perry has become a symbol of the fight against corruption.

In 1959 Perry waged an energetic drive on what he termed "sweetheart" deals on parking spaces and was successful in having leases cancelled and the parking lots rented on the basis of competitive bids.

Where Perry waged a long determined battle to uncover and expose wrongdoings, Chadwick actually was catapulted into the spotlight by the House Rules Committee.

Chadwick's chief claim to fame is that he declared on the TV film, "Biography of a Bookie Joint," that legislators are actively involved in "bookie" operations.

When he was called upon to back up his charges at a hearing before the House Rules Committee, the best he could do was to say that two lawmakers had been arrested for gambling before their election to the Legislature and that several lawyer-legislators had served as attorneys for "bookies" in court.

That fell far short of substantiating the sensational allegation Chadwick had made to a nationwide TV audience, but the Rules Committee hearing was handled in such a manner that many persons who watched the proceedings on television gained the impression that Chadwick was gagged and not allowed to speak his piece. That was not the case, but Chadwick, nevertheless, was pictured by many watchers as something of a martyr.

In view of Volpe's announced neutrality in the Perry-Parker-Chadwick fight, political observers will be watching closely for any move by the Parker is his choice as has been rumored.

It would not be presumptuous or unreasonable if a Governor were to undertake to pick his running mate. Other Governors have done so and have caused little comment or commotion.

## Dedham Firm Wins Bid For Rt. 128 Project

The State Department of Public Works announces that the J. F. White Contracting Co., of Dedham, is the apparent low bidder at \$1,387,000 for a half-mile Rte. 128 widening project in Newton. This includes construction of a new bridge to carry Rte. 30 over the widened highway.

This project is financed on a 50-50 basis with state and federal funds. It runs from the South St.-River St. interchange at the rotary circle west of Rte. 128 in Weston to a point east of the Rte. 30 (Commonwealth Ave.) intersection with Auburn St., in Auburndale.

The project is expected to be completed in September of 1963. The White Co. is contractor for the widening of Rte. 128 from Rte. 9 to the Massachusetts Turnpike.

We all have our fingers crossed, hoping that next Saturday's weather will be as good as last Saturday's. May 3h, 11 A.M. to 5 P.M. is our big day when we are holding our Kiwanis Auction at the Normande Room at Norumbega Park and if the day turns out warm, it will afford an excellent opportunity to take the children to the park and make a family outing of it.

There shall be many items on the auction block which you will find useful for your winter or summer home — or maybe you are one of the fortunate and have more than you need — in that case, if you wish to donate anything, which would devolve to the benefit of Kiwanis Charitable Activities, please feel free to call me at BI 4-7240 and I will arrange to have one of my trucks effect pick-up.

Our catered luncheon will feature "LOUKOUMDES" — all you can eat — and even if you have never had them before, I am sure you will be asking for seconds. Hope to see you all there.

## Newton High Loses First League Tilt

As righthander Bob Hathaway goes, so go the Newton High Tigers it would seem. The Senior hurler was superb last Tuesday as he blanked Brockton High, 2-0, in a Suburban League game at Newton High Field. He has three league wins and is credited with saving a fourth game.

But Hathaway's fine touch was lacking in the fifth inning against Weymouth at Legion Field in a league game on Friday and he was charged with the loss in the 10 to 7 contest, the first which the Tigers had dropped this season. Only three days earlier Newton South blanked Weymouth, 2-0.

In the Brockton game, Hathaway twice pitched his way out of bases-loaded situation, and the Shoe City team left 10 runners stranded on base.

### Newton Gets Extra Supply Of Sabin Oral Vaccine; Over 11,000 Given

The Sabin anti-polio oral vaccine program has proved more successful than had been anticipated, and an emergency supply of the life-saving liquid was obtained.

Dr. Edward J. Sawyer, Acting Director of Public Health for the City of Newton, said today that preparations had been made to administer the two drops of Sabin anti-polio vaccine to between 10,000 and 11,000 children. The program is currently designed for children from three months to seven years of age.

The response is higher than was expected, Dr. Sawyer said. "There is more interest than we anticipated," he went on. "More mothers have brought small babies to the clinic. We can estimate the school children quite accurately, but to anticipate the number of smaller children is quite another thing."

"We were running short of the vaccine so we applied for, and received, more."

Cost of the free distribution of the colorless, odorless and tasteless liquid is being borne by the state, which has acquired enough free vaccine to immunize an estimated 800,000 children.

It costs the state about 11 cents per child; it is higher when purchased in smaller quantities by an individual physician.

The overall oral anti-polio program is in three parts: the

first part is designed to provide vaccine against the strain of polio which kills and cripples more than the other forms of the disease combined.

Next month the campaign will be against another strain, with another oral dose of vaccine. This second phase will begin in Newton on June 11th.

Dr. Sawyer stressed that five or six weeks should elapse between the first and second

### Aldermen Delay Vote For Funds; Newton Highlands Public Hearing Is Rejected

A decision on whether to authorize the construction of a proposed \$2,000,000 incinerator, was postponed for at least another two weeks by the Board of Aldermen at their meeting Monday night.

Also still up in the air and unsettled is the question of where the incinerator would be located if it is built.

A request by Newton Highlands residents for a public hearing on suggestions that the incinerator be erected on Eliot street in their section, was rejected by a 12-5 vote.

Aldermanic President Wendell R. Bauckman and Alderman Harry L. Walen both displayed telegrams from Newton Highlands residents at Monday night's session asking for the public hearing.

However, Alderman Harry H. Ham, Jr., moved that the request be denied, and his motion was approved.

Only five Aldermen voted for the public hearing. They were Bauckman, Walen, Charles H. Morang, William M. Glosky and William A. Di-

man. The 12 who voted against the request for a public hearing were Winslow C. Aury, Joseph G. Bradley, William Ernest F. Dietz, Harry H. Ham, Jr., Theodore D. Mann, John P. McCarthy, John P. Nixon, Robert L. Tennant and Allard M. Valentine.

No proposal for placing the incinerator on Eliot street is officially before the Aldermen. Nor has any such plan been formally advanced. An engineering firm, which studied the matter, recommended that the incinerator be erected on the Pine street dump in West Newton.

Alderman Joseph G. Bradley has strongly opposed the

### Aldermen Table Apartment Site Zoning Change

The Newton Board of Aldermen, by a vote of 10 to 7, Monday night tabled the petition of the Chestnut Hill Terrace Trust for a change in zone to permit construction of multiple apartments on Florence St., Chestnut Hill.

This motion was made by Alderman Melvin J. Dangel after Alderman William Carmichael moved that the Board act on the petition. The hearing on the petition was held 83 days earlier, according to Chairman Harry H. Ham of the Claims and Rules Committee.

As a result of the Board's failure to act on the petition, a new public hearing will have to be sought by the petitioner. State law specifies that unless action is forthcoming within 90 days of a public hearing, new hearings must be set.

The same fate befell the petition of Martin E. Conroy for a change in zone to permit a funeral home at Washington St., and Lowell Ave., Newtonville. This petition also had a public hearing on Feb. 13.

The Conroy petition was not discussed by the Board on Monday night.

## POLITICAL HIGHLIGHTS

### Gov. Volpe's Flip - Flops Leave Writer Out On Limb

BY JAMES G. COLBERT

Governor Volpe executes so many political pirouettes that it's getting hazardous to report on where he stands. His position, it seems, is subject to change without notice.

This creates an embarrassing situation for a political writer who accepts the Governor's statements at face value, crawls out on the end of a limb and then finds he has misinformed his readers.

But we have no excuses. We should know better. After all, how many times do you have to wind up looking foolish before you learn your lesson? All we can do is apologize for being so naive.

The most recent example of Mr. Volpe's deft ability to reverse his field came in stating his position on the three-way fight for the Republican nomination of Lieutenant Governor.

On Tuesday of last week Volpe declared at his press conference that he was absolutely neutral and would take no sides in the battle between Representative Francis W. Perry of Duxbury, Representative Harrison Chadwick of Winchester and State Senator John F. Parker of Taunton.

During the course of the year, the Student Council investigates, interviews and corresponds with various social and welfare agencies in an effort to determine who shall be the recipients of the money. Their decision is announced to the students so that, in a sense, every child knows who he is helping.

The Student Council consists of three members elected from each class, grade 7 through 10, elects its own officers and meets at regular intervals throughout the school year to discuss any problems that relate directly to the students. Students serving on this year's Council are: Simon Chasdi, Director of Hebrew Dept.; Gerald Goldman, Audrey Sheppard, Hope Miller, Jim Oshry, David Hirschberg, treasurer; Joan Annis, vice-president; James Rittvo, president; Laurie Gold, secretary; Richard Horowitz, Alan Goldstein, James Levison, Ruth Zaplin; Karen Frieze; Mark White and Bernard Shulman, principal; Leslie Richmond, Judy Croft, Betsy Snider, Stacey Dorris, Lauren Barkin, Louise Swartz, Ann Solomon, Diane Golub, Jane Rabinow and Joan Shriber.

doses, so there will be no interference between the two types.

The final dose will be available in January. This is aimed at immunizing against a severe, but less prevalent, type of polio.

The U.S. Public Health Service reports 87 polio cases since the first of the year. One of these paralytic polio cases was an 18-month-old Connecticut girl. New York State had two polio cases reported this week.

Newton's program began on Monday and will conclude on Friday. When it is completed, well over 11,000 of Newton's youngsters will have received the two drops of vaccine in a cup of water.

This includes children in public and parochial schools, and pre-schoolers.

the Aldermanic Board are: 1. A proposed \$71,000 appropriation as a down payment on a \$2 million bond issue. 2. A \$2 million bond issue. 3. A \$200,000 appropriation for architects and consultants who would design and plan the incinerator.

Breaking a stalemate of several weeks, the Aldermen by a 17-0 vote appropriated \$2000 to permit the start of work on the reconstruction of part of the Newton South High School athletic field.

Mayor Donald L. Gibbs some time ago requested the appropriation of \$6500 for this purpose.

At Monday night's meeting

Alderman Mann moved that \$2000 of the money be provided at once. Alderman Morang seconded his motion which then was carried without a dissenting vote.

In a surprise move by a similar 17-0 vote the Aldermen also approved a \$10,000 appropriation sought by the Mayor for the employment of a relocation officer who would assist families forced to find new homes because of the extension of the Toll Road.

Mayor Gibbs recently made a plea for approval of the ap-

propriation which has been pending before the Aldermen for weeks, pointing out that time is running out on persons whose dwellings stand in the path of the turnpike.

On Monday night Alderman Bradley moved that the appropriation order be discharged from the Aldermanic finance committee. His motion was seconded by Alderman Walen and was adopted by a 17-0 vote. The appropriation then was approved by the same unanimous vote.

## - Political Highlights -

Continued from Page 1

Both publicly and privately, the Governor denied there was any truth in published reports that he had sent an emissary to Parker to urge that he stand for the Lieutenant Governorship. (It later turned out that he had dispatched an emissary on such an errand and that the emissary was former State Senator Richard Treadway of the famous Treadway inns.)

In emphasizing the hands-off attitude he was going to maintain, Volpe informed newsmen that he had told two of the aspirants they would make fine candidates for Lieutenant Governor and that he would tell the same thing to the third contender when the latter met with him.

That was on Tuesday of last week.

So we sat down and wrote a column reporting on Volpe's professed neutrality and expressing the opinion that Perry loomed as the favorite in the three-way race since the three contenders would be competing on even terms.

We hedged enough by saying that observers would be watching closely for any move by Volpe which would indicate that Parker really was his choice. (They didn't have to watch or wait very long.)

But we couldn't leave well enough alone. We closed out the article by adding that one thing about Volpe is that when he makes a flat statement, he usually means it and sticks to it, that consequently it could be assumed that Perry, Parker and Chadwick would be fighting on their own and that none of the three could look to Volpe for help.

That's what is known as crawling out on the end of a limb. It took Volpe a little more than 48 hours to saw off the limb.

Two days later, after the column had gone to press, Volpe demonstrated his brand of neutrality by coming within an eyelash of endorsing Parker for the Republican nomination for Lieutenant Governor.

It's too late to get the column back so you wind up talking to yourself and feeling like a qualified candidate for the Dope-of-the-Month Club.

However, Volpe's endeavor to push Parker into the forefront and Perry and Chadwick into the background had some novel and intriguing aspects.

In the process of trying to engineer his little political coup Governor Volpe designated Duxbury as a part of Metropolitan Boston which must have been somewhat startling to anyone who has driven to that South Shore community. Volpe evidently is giving some new frontiers to Metropolitan Boston.

Governor Volpe is on pretty sound ground when he rules out Chadwick as his running mate because of geographical considerations. Volpe and Chadwick not only are fellow residents of Winchester but live on the same street and are practically next-door neighbors. It really wouldn't make much sense for them to be running as a tandem for Governor and Lieutenant Governor.

This was quite different, however, from the impression Volpe had given two days earlier when he said Perry, Parker and Chadwick all would make fine candidate for Lieutenant Governor.

Where Volpe's objection to Chadwick for geographical reasons was logical, his attempt to disqualify Perry on

### OUR READERS SAY

### Urges Airport Construction

Editor, Graphic:  
Newton has lost its chance to get a head start on other Greater Boston communities by neglecting to build a municipal airport. Now we must catch up with the 1960s.

If plans were started now, by the time of completion an increasing number of business men will not only be taking chartered plane trips to over 6,000 non-airline communities, but, with the advent of the low-price private airplane many middle-class suburbanites will own their own plane and desire a nearby landing field to use and store their craft. If Newton does not build an airport some will move to a community that does or already has. Helicopter service is another "must" for a city such as Newton. Hamscom Field has already started this service to Boston.

Not the "space age," but to suburban cities and towns the "air age of commuting" is rapidly descending. To be in front, as it has in the past, Newton must immediately take steps toward the construction of a municipal airport.

### Newton Alumni Of Tufts In Fund Drive

Newton Tufts alumni continue to enlist in the Tufts University Program which recently announced \$3,380,000 toward its national goal of \$7,550,000 for increased faculty salaries, widened scholarship programs, and buildings.

Mrs. Elliot K. Cohen, Mrs. Richard J. Blue, Mrs. Vernon E. Blagbrough, Mrs. Alfred Ginsburg, Mrs. Michael C. Weyler, Louis Kleinman, Samuel Shaw and Norman D. Silver are participating as additional members of the Newton committee, according to an announcement by Mrs. Raymond Eldridge, Newton chairman for the Tufts program.

May 22 or ouster charges brought against State Waterways Director Rodolphe G. Bessette will serve to focus attention on Representative Perry as well as Bessette.

While Governor Volpe officially demanded the dismissal proceedings, it was Perry who unearthed most of the evidence on which the removal "causes" against Perry are based.

And it was the persistent, dogged Perry whose long series of charges triggered the original investigation into the operations of the Waterways Division.

Perry's name is certain to come up periodically during the hearings as Bessette fights to retain the post he has held for more than a decade.

Whether the hearings three weeks before the Republican State Convention will help or hurt Perry's quest for the GOP endorsement for Lieutenant Governor is uncertain. But one thing which is sure is that it will have an impact on his candidacy.

This promises to be a stormy, two-fisted hearing. Bessette will not go down without a terrific battle, and Perry is not one to back away from a fight.

Unlike the first ouster hearing held last summer, a carefully prepared case against Bessette will be presented by a skilled trial lawyer, Attorney James D. St. Clair, who handled the removal charges against former Boston Police Commissioner Leo J. Sullivan.

St. Clair has been working on the case for the past several weeks.

In the first ouster proceedings last summer the charges against Bessette were presented by a lawyer who was given the case less than 24 hours before the hearing was to start.

Circumstances surrounding the acquisition of an automobile by Bessette and improvements to Bessette's home in Dartmouth will figure in two of the reasons given for Bessette's removal.

Other charges will be based on projects undertaken by the Waterways Division.

One of the jobs was in the little town of Wellfleet, near the tip of Cape Cod, where Bessette made his summer home and where more than \$1 million in public funds was poured into waterfront improvements.

None of the matters touched upon even remotely or indirectly in the first hearing will be involved in the new ouster proceedings.

## Country Players Tryouts Monday For Summer Play

Public tryouts for its summer production of "The Marriage Go-Round" have been scheduled by The Country Players of Newton beginning at 8:00 p.m., Monday evening, May 14, at the Spaulding School. All those interested in reading for parts or working backstage are invited to attend.

The play will be directed by Harriet Wilson, who also directed The Country Players' highly-successful presentation of "Dial M For Murder" last Fall.

In these troubled times, the Republican party must restore to the people of Massachusetts their faith in government. This can only be done if young, aggressive and uncompromising candidates offer themselves for nomination," Fisher asserted.

## Work Found For 50 Jobless Newton Youth

Miss Anne L. Kenney, local public employment service manager, reported today that some 50 out-of-school, unemployed youth in Newton had been placed in jobs since the local placement service joined 1800 other offices in a nationwide drive to put youth on a job.

Miss Kenney praised the concerted efforts of the Newton Agency Executives Group, the Chamber of Commerce and the Jr. Chamber of Commerce, to focus attention on the "Jobs for Youth" campaign. She cited particularly the large number of employers who had listed job openings for beginning workers.

She pointed out that the local public employment office—in addition to its regular placement services for all workers—has concentrated much of its efforts in the last six weeks on helping to place employable young people in jobs for which they qualify.

"This job drive for youth has brought dividends to the young people who have been placed in jobs," Miss Kenney said. And I'm sure that their employers have benefited.

"It's good business because of the special vigor and enthusiasm of the young; a fresh outlook; new ideas and a boundless curiosity; the ability to 'catch on'; and a very keen desire to make good."

## PTA Council-

(Continued from Page 1)  
Irving Shaffer, Mrs. Melvin Shoul and Jurgen Elkan.

A question of whether the Newton Skating Program will be abandoned was raised by Mrs. Harold Rosenberg, chairman. Sponsored by the PTA, elementary school children in Newton have had the opportunity to skate one afternoon a week at the Boston Skating Club in Brighton.

Mrs. Rosenberg pointed out that there is no indoor skating facility to serve Newton's 120,000 population, and that skating in Newton is entirely dependent on the weather. But the skating program has run into financial difficulties and must be abandoned if relief does not come immediately. Mrs. Rosenberg has asked the Newton Recreation Commission to subsidize the program, but as yet has received no reply.

Her committee now plans to poll the elementary schools to find out whether the children would be able to participate if the skating ticket price was raised to 35 cents, or if the PTA in each school would be willing to subsidize the program.

Another question the committee will ask is whether the children would buy tickets on a seasonal basis to assure the skating program of adequate financial backing.

Angier and Countryside PTAs are inviting their teachers to the Regional Conference on Education on May 17 at Newton South High School, Mrs. Maxwell Potter, chairman, reported.

A large percentage of the reservations for the dinner meeting are coming from teachers, Mrs. Potter said. Dinner will be served at 6 p. m. followed by the program, "Teaching: The Image and the Reality" at 8 p. m.

To address the conference, Dr. Harold Gores, former superintendent of schools in Newton, and now director of the Educational Facilities Laboratory, Inc., will return to Newton for the first time since June, 1958. The other guests will be Lester Nelson, associate program chairman of the Fund for the Advancement of Education, and Mrs. Beuna Stolberg, past president of the Department of Classroom Teachers of the National Educational Association. For dinner reservations, please send check to Newton Council of PTA's, 88 Chestnut street, West Newton 65, Mass. Kindly list names of those covered by your check. Tickets may be picked up at the registration desk on the night of the conference. The conference is open to all. People

## Wonderland Starts Season

Wonderland regulars who turned out Wednesday for the start of Rever's 100 night greyhound meeting found several plant improvements adding to their enjoyment of the sport which has grown into New England's most popular amusement.

The near-capacity crowd wandered around the newly covered grandstand area in complete comfort. Hundreds of serious greyhound fans clustered around the newly installed closed-circuit television receivers where they commented enthusiastically about the coverage, especially that important first turn. The cameras also provide a clear view of the break from the starting boxes, the most modern in the country.

The physical plant remodeling is only part of the story. The Wonderland management is equally concerned with providing the best in greyhound racing. That means top greyhounds.

A quick review of the kennels which will be in action throughout the summer indicates a full roster of "name" greyhounds ready to campaign for rich purses.

are welcome to come at 8 to hear the speakers if they do not plan to attend the dinner.

New techniques in teaching will be available in the social studies in the near future, said Junior Covin, co-ordinator of Junior High Education for the Newton Schools. He explained to the council that new teaching methods had been developed in the sciences and in mathematics, but that there had been little change in the content of social studies since the 1930s. More hours of math, science, French, and typing added to the junior high curriculum at the expense of art, music, and literature he said.

"We are teaching our children about technology—bombs, planes and automobiles, but we have not been teaching them how to control these things, he warned. Children must be exposed to the humanities, he declared. Automation is stereotyping more and more jobs. When these children grow up they will have to look to the arts to find meaning in their lives.

Mrs. Joseph Cotter, delegate to the Newton Community Council, also reported.

## Prince Pontiac Now Located In Galen St. Site

Prince Pontiac last week moved into its new and larger headquarters at 130 Galen Street on the Newton-Water-town line.

The old site on Washington Street, Newton Corner, which had housed a Pontiac agency for 34 years, is slated for demolition to make way for the Toll Road.

Morton Berdy and Allen G. Polivy who took over the ownership of Prince Pontiac in 1959 are delighted to be able to offer improved facilities to their customers, in a location so close to their former place of business. They invite the public to visit their new headquarters and take advantage of the many opening specials.

Pontiac and Tempest are enjoying a banner year with an all-time monthly sales record being broken in April, according to figures recently announced by E. M. Estes, general manager of Pontiac Motor Division.

## Newton South Is Climbing In Suburban League

Newton South High's ball hawks pushed their Suburban League record to 4-3 on the budding season with wins in their last two games.

South edged Watertown 6 to 5 Monday afternoon in Watertown and last Friday clubbed out an 11 to 8 victory over Cambridge Latin.

In the latter contest Don Merna made his debut at first base for South and came up with four big hits in five trips to the plate, drove in four runs and scored one himself. His contribution in the 11 hit attack were a double and three singles.

South took the lead with six runs in the third inning and Latin came back with four in their half of the frame. Newton picked up one in the seventh and four more runs in the ninth. Four singles and an error gave the Lions their four runs.

Watertown dropped into a tie for second place in the League race as South took the nod in Monday's game at Watertown.

South scored its winning run in the seventh without benefit of a hit. Two walks and a hit batter set the stage for Fred Shaw to draw another base on balls and force in the big run.

Heretofore, the only previously successful bounces have been picked up at military or other governmental stations.

"You can only send eight or ten hours a day," he explained, "but the message is sure to get through regardless of rain, storm or atom bomb." It took the messages about three seconds to travel from Hawaii to the moon and thence to the Medfield "dish."

## News and Notes Of Newton Girl Scouts

Troop No. 3 held its Investiture on April 10 with sixteen of the eighteen girls present. Each girl read a section of the poem "How the Brownies Got Their Name" by Marion Feinstein. They recited the Brownie Promise in unison and sang the Brownie Smile Song. Those invested were: Anne Arbetter, Sylvia Bernstein, Lorene Bianchi, Rosemarie Drew, Susan Lynn Garrett, Anne Gillis, Joan Glass, Janice Graves, Irene Hodgdon, Shelley Jigger, Charmian Ladner, Linda Ofría, Susan Preisler, Cheryl Mooney, Connie Wilson and Cynthia Wise. The two girls who were absent were Judy Beatrice and Danielle Gordon. The girls' mothers were present and Mrs. Gillis and Mrs. Mooney were hostesses. Refreshments contributed by the mothers were served after the investiture.

On April 18, the troop made a trip to Drumlín Farm in South Lincoln. This trip was organized by Mrs. Greta Arbetter. After the tour of the farm, the Brownies enjoyed a picnic lunch in one of the buildings. Small souvenirs were purchased in the store before starting home.

Troop No. 58 made up seed packets and friendship cards and sent them to the Indians of Oklahoma and Arizona. Some of them had little rhymes or sayings on them.

Now they are preparing a short play to give for the other fifth grade Girl Scout Troop in their neighborhood. They will sing songs and prepare refreshments which will help them earn their Second Class Rank. They have just chosen the Clover Leaf as their troop crest. — Loretta Levin

Troop No. 142 is a Trail Blazer Troop. On Saturday, recently, eight girls from this troop set out on a long distance bicycling trip. They left the school yard at Our Lady's at 12:30 p.m. and started the seventeen-mile trip to Camp Mary Day, which the girls agreed was all uphill. They brought box lunches and spent the afternoon having fun and resting up for the ride home. It took them about two hours to get there, but as the way home was all downhill, it only took an hour.

— Marie Berghetti

Troop No. 172 spent a day at Camp Mary Day working on the Campercraft Badge with Senior Scout Joan Anderson. This gave Joan a chance to practice and demonstrate her Primitive Camping Training. In line with this, the troop spent two afternoons in the back yard of Mrs. Gerald Hine practicing reflector oven cooking and learning how and where to pitch tents. ## Newton Student Awarded Fellowship At Dartmouth

A Dartmouth College junior from Newton Center, has been awarded a Senior Fellowship for independent study during the 1962-1963 Academic year. President of the College John Sloan Dickey announced the selection of Kenneth J. Novack as one of thirteen members of the junior class for the honor.

Novack, a son of Mr. and Mrs. H. Novack of 35 Newbury street will pursue studies concerning "The Doctrine of Continuous Consent in Political Theory Today." He will work this summer in Washington with the Civil Rights Commission on a Dartmouth Class of 1926 Fellowship, and next year will do considerable research on the philosophical and psychological aspects of the question on the doctrine of continuous consent in politics.

Novack chose this program and topic because of "my interest in political theory and its relation to contemporary American politics." He feels that this field of study can help him decide on future career plans in law or in government.

At Dartmouth, Novack is a brother of the Pi Lambda Phi fraternity, a student representative on the college's General Reading Program Steering Committee, and co-president of the Pre-Law Club. He was graduated from Newton High School in June, 1959.

## Newton High Belts Brookline 11-2; Drops Pair

Newton High clubbed its way back into the win column to go within two games of first place in the Suburban League with an 11 to 2 victory over Brookline High on Monday afternoon in Newton.

It was the first win for the Tigers in four games. They began the season with a rush by winning four in a row, and then slumped to lose the next three.

In Monday's game, Pitcher Mickey Beard limited Brookline to three hits, and Al Asaff, starting his first game at first base for the Tigers, accounted for five runs batted in with three hits in four trips to the plate.

Newton lost two games last week by one run margins. Waltham shaded Newton 7 to 6 in an 11-inning game last Monday afternoon at Leary Athletic Field, and on Friday afternoon Watertown produced the winning run in the ninth to win 4-3 at Victory Field, Watertown.

The Waltham-Newton game was a thriller. Waltham piled up a 6-0 lead but the Tigers broke from the cage in the eighth frame and came up with six big runs to tie the count at 6-6. Newton sent 12 men to the plate on four walks, a hit batsman, four singles and two infield errors.

In the 11th inning, Waltham first baseman John Peacock got his only hit when he doubled off pitcher Don Mason to score Ernie Ansara with the winning run.

Reliever Ken May came in from left field to pitch and handcuffed Newton with only one hit in the last three innings of the extra-inning fray.

Newton was tied 3-3 with Watertown in the game on Friday until the ninth when third baseman Billy McCarthy doubled to right center to score shortstop Denny Williams with what proved to be the winning run, after two were out.

This ended the pitchers' duel between Newton's Bob Hathaway and Waltham's Paul Danielson. Watertown counted 11 base hits over the route, while Newton had only five. Newton left eight base runners stranded.

Today's  
Thought

It is becoming increasingly evident that the hard-est way to learn to drive a car is by accident.

VOL. 85. NO. 20

NEWTON, MASSACHUSETTS, THURSDAY, MAY 17, 1962

PRICE \$3.00 PER YEAR—SINGLE COPIES 10 CENTS

**FIREWORKS ON TURNPIKE**—This explosive charge went off with a boom as the Perini Construction rushed work on 3,000 feet of clear space in Weston near the Toll Road entrance. Heavy granite ledge was shattered by the blast and its small by-product of stone will be carted off to be used as fill. This is the starting point for the 12-mile toll road extension to Boston mapped to slice through Newton.

## Toll Road Poses Added Problem Of Housing Aged; 400 Seek 97 Units

The destruction of dwellings in the path of the Toll Road extension through Newton has created an unexpected new problem for city officials—the increased problem of housing for the aged.

As a result, Chairman William Carmen and the Newton Housing Authority this week began discussion of the possibility of obtaining Federal authorization for a third housing project in Newton.

Thus far nearly 400 applications have been received by the Housing Authority for the two housing projects for the elderly now authorized which will have 97 units.

When Newton began its plans for apartments for the elderly, the U. S. Public Housing Authority granted approval for construction of 125 housing units, Mr. Carmen said. This would permit the local authority to construct an additional 28 units without further federal approval.

However, because of the unexpected flood of applications due to the Toll Road extension and dislocation of residences, the Newton Housing Authority decided to study the possibility that more than 28 additional units may be required.

In addition, Mr. Carmen

said, the Housing Authority will decide soon at a special meeting the standards by which occupants of the units will be selected.

As high as 80 percent of the applicants may have to be rejected, he explained, because many of the aged persons dis-

placed by the Toll Road will be ineligible for public housing because of the payments they will receive for their homes.

Foundations have been poured at the 64-unit project.

## Newton Survey Shows Lack Of Exercise Aids Obesity

More than 100 doctors of this area and their wives heard Dr. Jean Mayer of Harvard School of Public Health blame the increasing American problem of overweight on lack of exercise more than overeating at the annual dinner meeting of the Charles River District Medical Society this week.

"It's not true that if you exercise more, you gain more," said the authority on nutrition.

"Very inactive animals like very inactive people tend to have greater appetites. Farmers have known this for centuries."

New studies in Newton and

Brookline show that obesity is a growing problem among children and adolescents, Dr. Mayer said. He added that 15% of the students in a recent high school graduating class were overweight, and

75% of this number were comparatively inactive.

Studies of overweight women, on the other hand, reveal that "it's not the nature of the food they eat, but the amount" which adds

## Warn of Danger In 46 Stolen Blasting Caps

The theft of 46 powerful blasting caps from a Rte. 128 construction project over the weekend is under investigation, and police warn of the explosive danger. Each charge is powerful enough to blow off a hand or cause other serious injury, police warned.

The investigation of the theft from a metal storage box was being made by the police, fire department and the state fire marshal's office.

# 5000 Newton Children Have Not Yet Received Sabin Oral Polio Vaccine

## Parents Urged To Bring Youngsters To Mop-Up Clinic

Approximately 5000 Newton children of pre-school age have not received the Sabin oral vaccine which would give them a lifetime of immunity against crippling polio, city health officials reported today.

Their last chance to get it during the present school year will be next Saturday morning (May 19) when health authorities will hold a "mop-up" operation in the basement of City Hall from 9 a.m. to 10 a.m.

Parents whose small sons and daughters have not yet received the vaccine were urged to bring the youngsters to City Hall at 9 o'clock Saturday morning.

This applies to all youngsters from three months of age through the first grade.

Health officials estimated that 13,486 Newton boys and girls are in those age brackets.

Their figures show that 8315 youngsters have had the vaccine, leaving 5171 who have not been given the protective vaccine.

"We hope that the mothers and fathers of these 5000-odd children will make a special effort to bring them to City Hall Saturday morning," a health spokesman declared, adding that there could be no more important investment in time.

They observed that some youngsters may have missed getting the vaccine because of illness at the time it was administered.

Statistics compiled by the health department show that 558 infants under one year of

## 3 Hurt In Drag Race Car Crash

Two policemen and a boy were slightly injured, a stolen car wrecked and a police cruiser damaged, and a 15-year-old Newton boy went into Newton Juvenile Court on Monday—all because of a drag race between two teenagers.

Police said the boy stole a car owned by George Lochiatto of Pleasant St., West Newton, and at 4 a.m. Sunday got into a race on Newtonville Ave., with an unidentified boy in a second car.

A cruiser chased one car for five miles where it cracked up. The 15 years old boy was pinned in the wreckage. Sgt. John J. Bartinelli and Patrolman John J. Kennedy suffered back and head injuries in righting the car on Ward St., where the chase ended.

Ball was fixed at \$2,000 in Juvenile Court and the case continued three weeks.

## 11 Children, 4 Adults Flee Dwelling Blazes

Eleven children and four adults, including a blind man, fled to safety as flames which started in kitchens, swept dwellings in West Newton and Newtonville earlier this week.

Mr. and Mrs. Arthur Fryar and their nine children ranging from two to 18 years, fled their home at 17 Williams St., West Newton, as flames mushroomed through the house. Their pet cat and her newly-born kittens perished.

Fire Chief Frederick A. Perkins Jr., estimated the loss at \$10,000, and said the destroyed belongings were not insured.

When the embers cooled Mr. Fryar poked through the debris and when he found his son's scorched baseball cap he commented, as if in relief the son was safe, "here's Paul's Little League cap."

The smoke from the fire early Tuesday aroused some of the children who awakened their parents.

Mr. Fryar leaped onto a porch from a second floor window, and then to the ground. Mrs. Ann Fryar, 32, —**FLEE BLAZES**—

## POLITICAL HIGHLIGHTS

By JAMES G. COLBERT

### Curtis Seen Taking Lead In Republican Senate Race

Congressman Laurence Curtis is moving into the lead in the fight for the Republican nomination for the U. S. Senate, in the opinion of many seasoned political observers.

The political pundits also believe that GOP leaders, after careful deliberation, have decided that Curtis would make a stronger fight in November against either Attorney General Edward J. McCormack, Jr., or Edward M. (Ted) Kennedy than could young George C. Lodge.

In the Republican senatorial battle, as the experts see it, the GOP delegates must make a choice between youth and a public record.

The analysts suspect that a public record may be a greater asset than youth in a struggle for votes next autumn with either Kennedy or McCormack, especially since the latter two by no means are gray-beards or elder statesmen.

If Kennedy and Lodge are the final adversaries in the Senate campaign next autumn, it would be principally a fight between two young men with famous names, in the judgment of political scholars, who point out that all the evidence indicates that Kennedy is a more popular name than Lodge in Massachusetts.

If McCormack and Lodge emerge as the Senate nominees of their respective parties, it would be a clash between a young man who has never held elective office and one who has served nine years in both State and municipal offices.

In short, either Kennedy or McCormack would be favored to defeat Lodge.

That's why there appears to be a swing within the Republican party to Curtis who could campaign on his experience and his public record.

When Curtis announced his candidacy for the U. S. Senate last winter, Lodge, who had entered the race much earlier, had gained a jump on him.

Since then, however, Curtis seems to have gained steadily as Lodge faded, and the gap was gradually closed.

The fact that Curtis has served 10 years in Congress, the usual training ground for Senators, and that he is a member of the House Foreign Affairs Committee, is a big asset in his favor.

The fact that Lodge has never held any public office is proving a liability as the Republican delegates approach the convention at which they must pick their party's contestant for an election battle which will attract nationwide attention.

Virtually all the top Republicans in the State, who haven't got fights of their own, are supporting Curtis, some openly, some quietly. Congressman Joe Martin is one of those who is backing Curtis publicly.

Curtis has been handicapped to some degree by the necessity of spending part of his time in Washington to devote himself to his congressional duties. But he has been able to cover a great deal of ground in his home State and keep his campaign rolling in high gear.

If Curtis continues to make headway at his present pace, he should be a pretty decisive favorite by the time the GOP convention is called to order.

### Battle Lines Drawn For Dem. Convention

The battle lines now appear to be pretty well drawn for the Democratic State Convention to be held at Springfield on June 8 and 9.

Former Boston Mayor John B. Hynes has not yet ruled himself out as a potential contender for the Governorship, but the circumstances under which Hynes would be willing to enter the gubernatorial race have not developed and aren't likely to develop.

Because of the time element, Hynes probably would bypass the convention and head directly into the September primary if he should unexpectedly decide to run for Governor.

Hynes is still under strong

### Missionary Nun Speaker Sunday To H.N. Society

Sister Joseph Anthony, of the Medical Missionaries of Mary, will be the guest speaker at a Father and Daughters Communion Breakfast to be sponsored by Our Lady's Holy Name Society, Newton, next Sunday morning, May 20th.

Members and their daughters will receive Communion together at the 8 o'clock Mass and the breakfast will be served immediately afterwards in the parish school cafeteria.

The program will include installation of new officers for the 1962-63 season and the presentation of Pioneer Plaques to members who have belonged to the Holy Name Society for 50 years or more. The installation and presentation of the plaques will be by the spiritual director, Rev. Francis L. Gallagher.

Young representatives of a Little League team which the society will sponsor this year again will be present.

Because tickets will not be sold at the door, last minute reservations will be accepted through Friday evening by any one of the officers: President, Joseph Fitzsimmons, La 7-2266; Vice President, George McGoldrick, La 7-6961; Treasurer, Herbert Austin, La 7-0384; and Secretary, Lawrence Coletti, De 2-9172.

The guest speaker, Sister Joseph Anthony, will describe mission conditions, health problems, and life among the women in the areas in which her community works in Africa and Formosa. She will also show a film illustrating the work in Nigeria.

The Medical Missionaries of Mary was founded in 1937 in Africa by Mother Mary Martin who had gone there from Ireland and who is still the head of the order. The group is devoted to carrying on medical work in the mission fields and for this work, the Community includes women who are nurses, doctors, and surgeons. Although only 25 years old, the order has already received Papal approval as a Pontifical Society and as such it comes directly under the jurisdiction of Rome and has a Cardinal Protector. It maintains 23 missions in seven countries of Africa and in Formosa.

the experts don't believe that will happen.

Peabody will run in the September primary irrespective of what happens at next month's State convention.

Riley is expected to abide by the decision of the convention although he hasn't actually said what he will do.

McLaughlin's plans are surrounded with greater uncertainty than those of either Peabody or Riley. His big objective is the convention, and at present he isn't looking beyond it.

The four-cornered conflict for the Democratic endorsement for Attorney General between State Senator Richard R. Caples of Brighton, State Senator Mario Umana of East Boston, Representative James R. Lawton of Brockton and former Secretary of State Joseph D. Ward of Fitchburg, promises to be the marathon battle and the endurance contest at Springfield.

Each of the four candidates has fairly substantial support. None appears to have enough backing to win on the first ballot.

The outcome of that fight could well depend on the ability of the four contenders to hold their delegate votes after the opening ballot and the initial test of strength.

The man who leads on the first ballot will not necessarily wind up as the eventual winner.

Opponents for the Democratic endorsement for Lieutenant Governor are Mayor Bernard M. Cleary of Taunton, Representative Anthony M. Colonna of Framingham and Attorney Francis V. Bellotti of Quincy.

Bellotti appears to have done the most work. But Colonna has the backing of a large number of fellow Democratic House members, and Cleary has some strength across the State, with strong support in southeastern Massachusetts.

That contest will be scrambled if Speaker Thompson moves into it or if Lieutenant Governor McLaughlin should lose his fight and step back to run for renomination and reelection.

State Auditor Thomas J. Buckley, State Treasurer John T. Driscoll and Secretary of State Kevin H. White will all be unopposed at the convention, according to present indications, and presumably will

Governor Volpe was able to crack the whip and swing enough Republican and Democratic Senators into line to block the move by Senate President John E. Powers to straighten out the ridiculous holiday Blue Law muddle.  
There were some Solons, of course, who refused to listen to Volpe's emissaries and voted the way they thought was right. But they were in the minority.  
Volpe's objective, apparently, was to prevent the bill from reaching his desk which would have placed him in the unpleasant position of being forced either to sign or veto it.  
He accomplished his objective and in so doing preserved his nearly perfect record of doing nothing about the problems confronting the State.

### Ch. 7 TV Seeks New Tower Site

Permission to construct a new 1,074-foot television tower in Newton Highlands, not far from two other TV towers, was sought Monday night for WNAE-TV, Channel 7, at a joint public hearing before the Newton Planning Board and Aldermanic Claims and Rules Committee.

The \$1,000,000 transmitting tower would be constructed at 225 Needham St., in a manufacturing zone. It would be within 2,150 feet of the WHDH tower in Newton Upper Falls, and 5,400 feet from the WBZ tower in Needham. This is within the so-called "antenna farm" area as defined by federal and state aeronautical agencies, explained Gen. Daniel Needham of West Newton. He is attorney for RKO General, Inc., which seeks the permit for construction of the new Ch. 7 tower.

He said a result would be improved reception for most televisioners in the area. He said if a home gets Channel 7 well, it does not get 4 and 5 well, or vice versa.

"If RKO erects a tower at the proposed site," Gen. Needham said, "this directional difficulty will disappear and of course its area coverage will become commensurate with that of the other channels."

There was no opposition at the hearing.

Final approval of plans for the 33-unit project at Parker St., in Newton Centre is expected next Wednesday when

William Hoskins Brown, the architect, and Executive Director Edward T. Byrne meet in New York City with PHA officials.

Meanwhile, the Housing Authority also is being forced to move by the road extension. The office is in the path of the road work and the Authority will have to find new quarters until the offices are completed in the new housing developments.

## Colorful Rites By Disabled Vets Held On Sunday

Commander William S. Wilder of District No. 3, Disabled American Veterans, presided at the annual memorial service exercises in the Newton War Memorial Auditorium last Sunday, May 13. Miss Lena Federico of West Medford sang the Star Spangled Banner following the presentation of the colors. She was accompanied by Harold Kaswell of Newton.

Chapter No. 23 of Newton was one of the outstanding chapters represented at the exercises. The Newton Color Guard was in charge of Capt. Robert Vassalotti.

The Invocation was given by Rabbi Abraham Koolyk, Congregation Beth El-Atereth Israel of Newton Centre, following which Carleton Merrill, Veterans' Agent for Newton, extended the greetings of the city and paid tribute to all mothers on this special day of remembrance.

A poem by Herman Lee, hospital chairman, Dept. of Massachusetts, impressively described the goodness of equality and comradeship. A prayer in Memoriam was delivered by Rev. Charles F. Downey, Immaculate Conception Church of Revere.

A floral tribute in memory of departed comrades was performed as J.V.C., James McColgan of Medford recited "In Flanders Field" after which taps were sounded by Joseph Beatrice, Newton High School and Ronald Brungot of Burlington High School. Assisting on the drums throughout the service was Ellis Ratzko of Newton High School.

An address by William Carmen, P.C. Jewish War Veterans and Newton alderman, emphasized comradeship through brotherhood.

As the flag of the United States was being folded, God Bless America was sung by Miss Federico. Rev. Kenneth O. Traegde, Bahai World Faith, gave the closing prayer.

**Presents His Exclusive BODY WAVE \$10.00**

The Body Wave is a form of permanent waving used on hair that either has a little natural wave or hair that waves easily.

It does not add appreciably to the amount of wave already in the hair, but gives such strength and resiliency to the wave as to make the hair seem naturally wavy and remarkably easy to put up.

It is for hair to which the ordinary permanent wave (however soft) gives too much curl.

Members of the class planning to attend the reunion are asked to make reservations with Albert A. Thompson, 32 Goodrich Road, Jamaica Plain, class secretary.

Washington—National forecasts of the U.S. have an area of about 161 million acres.

The luncheon was prepared by Mrs. Carl Hartbow and Mrs. John Leonard. Talks on South America were given by Mrs. Patrick, who has traveled there extensively, and Mrs. Edmund Patterson, who lived for three years in Maracaibo, Venezuela, and Bogota, Colombia.

Between the glittering wealth and abysmal poverty found side by side in all South American countries, said Mrs. Patrick, is the steady emergence of a middle class composed of professional people and owners of small independent businesses on whose growth the free world must depend for stability in government and democratic progress.

In a humorous vein, Mrs. Patterson related some difficulties of a young New England bride, in spite of excellent native cooks, in coping with housekeeping in Latin America. Guests in Bogota invited for a dinner at 8:30 were served at 11 because the food cooked so slowly.

### Parade, Exercises For Memorial Day

On the green stretches of quiet cemeteries, where the soft murmur of prayers and the stirring strains of taps will resound, thousands of Newton residents will pay a devout tribute to the revered dead on Memorial Day.

Formal exercises on the holiday morning will include a parade and speeches by Senator Leverett Saltonstall and Mayor Donald L. Gibbs.

Two programs will be held the parade will continue south on Walnut street to the Newton Cemetery which will be the scene of two programs.

Senator Saltonstall will deliver the address at the GAR Monument. Jayne C. Driscoll, one of the parade adjutants, will open the rites with the introduction. Father McCabe will give the invocation. Robert Leone of Our Lady's High School will recite Lincoln's Gettysburg Address. Wreaths will be placed on the monument by commanders of the various veteran organizations and the presidents of their auxiliaries.

Following Saltonstall's remarks, a volley of shots will be fired by a firing squad of the Newton Veterans' Honor Guard, and taps will be sounded by John C. Malignieri. Benediction will be given by the Rev. Wilbur Kingwell. The — MEMORIAL DAY — (Continued on Page 11)

Veterans of the Korean fighting and of two world wars will participate in the ceremonies honoring their fallen comrades.

The parade column will assemble at Washington and Crafts streets in Newtonville at the First National Store parking lot.

From there marchers, stepping out promptly at 10:30 a.m., will move west on Washington street to Walnut street, south on Walnut street to Commonwealth avenue and the War Memorial Flag Staff where the column will halt for the placing of wreaths and prayers by the Rev. Martin U. McCabe of the Sacred Heart Church.

At the conclusion of the rites at the Flag staff,

### Toll Road Work Ahead Of Schedule

Work on the Toll Road extension from the Massachusetts Turnpike to Boston this week was one full day ahead of schedule, and progressing on both sides of the Charles River.

Final checking by surveyors was the only major activity on the Auburndale side, while residents whose homes must give way still are faced with the task of finding new dwellings.

Some 10 houses must be destroyed, officials said. Homes on the north side of Evergreen Ave. will be spared, but some of the land will be taken. But the dwellings on the north side and along Evergreen Terr. will be leveled.

On the other side, huge trucks are moving the rubble left by blasting three rock ledges. This rock and rubble will provide the 1000-foot approach to the 1000-foot bridge which will cross Rte. 128 and the Charles River to Pigeon Hill in Auburndale.

From Pigeon Hill the Toll Road will head toward the — TOLL ROAD — (Continued on Page 3)

Stapleton, president of Stowe-Woodward, Inc., left center. Also in photo, Robert Burke, extreme left, and Giles E. Mosher, Jr., extreme right, task force membership committee chairman.

### Newton Chamber of Commerce Plans One-Day Member Drive

T. Frank Copp, president of the Newton Chamber of Commerce, announced today that Tuesday, June 5, will be "Membership Drive Day" for the Chamber in Newton.

President Copp stated that approximately 100 Chamber "salesmen" will gather for breakfast at 8 a.m. at Brae Burn Country Club, will receive prospect cards and campaign kits and will be given a pep talk by Robert Daley, manager of the membership department of the Greater Boston Chamber of Commerce. Each "salesman" will be responsible for calling on three prospective members.

The "salesmen" and their new members will meet at the Brae Burn Country Club at 4:30 p.m. for a report session and refreshment hour. Each "salesman" who has signed up two or more new members will receive a special "Achievement Award."

President Copp explained that a minimum of 50 new members is required if the 1962 Action Program of the Newton Chamber of Commerce is to be a success.

### Final Vote Blocked By Seven Aldermen

A proposed \$2,000,000 municipal incinerator probably will be erected on city-owned land on Elliot street in Newton Highlands, it appeared following a series of maneuvers and rollcall votes at this week's meeting of the Board of Aldermen.

Final action on the matter was blocked by seven Aldermen who raised a charter objection against the incinerator measures, postponing a showdown vote on the issue until the next session scheduled for the night of June 4.

Chairman Earle D. Wood of the Aldermanic Finance Committee apparently is responsible for stalling a move to place the incinerator on Pine street in West Newton and shifting the suggested site to Elliot street.

In reporting out a \$129,000 appropriation to finance the planning of the incinerator, the Aldermanic Finance and Public Works Committee attached a rider to the order stipulating that the expenditure of the funds was authorized subject to locating the new incinerator land on Elliot street in Newton Highlands.

The two committees also enclosed a proposed \$2,000,000 bond issue to pay for the construction of the bond issue and a \$71,000 appropriation which would represent the city's down payment on the bond issue.

REP. GEO. RAWSON

### Rep. Rawson Ends Career As Solon

Representative George E. Rawson of 22 Marlboro St., Newton, announced this week he was ending a 20 year career as Representative from the Fourth Middlesex District.

Mr. Rawson, an authority on election laws, has been in the insurance business for many years. In a hand-written announcement he said "I do not intend to be a candidate for reelection (in November) to the House of Representatives from the Fourth Middlesex District."

During his long legislative career, Rep. Rawson sponsored important legislation both to the City of Newton and to the State. He authored the Corrupt Practices Act of 1946 and the Pre-Primary Convention Act of 1953; also the Newton Pension Act, relocation of Rte. 128, Newton Election Act, etc.

Legislative records show he — ENDS CAREER — (Continued on Page 3)

### Sabin Serum City Fathers Accept Act For Election Commission

The Newton Board of Aldermen voted Monday night to adopt legislation of the General Court providing for establishment of an Election Commission in Newton.

This Commission, vested with powers identical to those of the Board of Registrars of Voters, must consist of four persons. Each major political party must be represented by one member of the Commission.

The Aldermen's action followed a study of a year and came on adoption of provisions of General Laws Chapter 51, Section 16A.

Present members of the Registrars of Voters will be members of the new Commission until their terms expire and successors are appointed and qualified. The City Clerk is to be replaced by an appointee of the Mayor, with consent of the Aldermen, for — CITY FATHERS — (Continued on Page 6)

### Local Young Sabin Serum Given 9,355

The Sabin oral anti-polio serum has been given to 9,355 Newton children from three months through six years, a check showed this week after completion of the first phase.

Parents brought 840 youngsters to the "mop up" clinic held Saturday morning at the City Hall in the last opportunity for parents to give their children a lifetime of immunity against crippling polio.

As a result, officials estimated that about 4,000 eligible children in the city were not given the vaccine. It has been estimated that Newton has 13,480 boys and girls in the age bracket from three months to six years.

Long lines formed early Saturday when the clinic — SABIN SERUM — (Continued on Page 6)

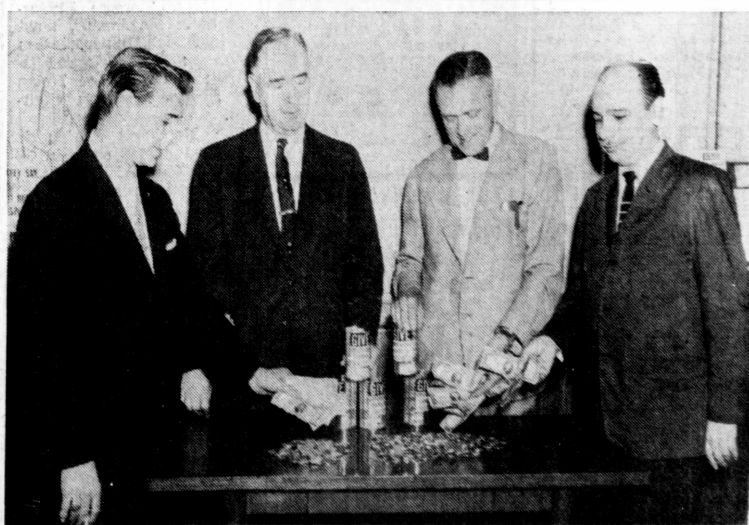

### Burned Out Family Needs Housing Now

An appeal for housing for a family recently burned out of their home in West Newton was issued this week by Carleton P. Merrill, Veterans' Services Director for Newton.

Mr. Merrill said the parents and nine children are living with relatives in Newton, but that the accommodations are not large enough for the combined families of four adults and 13 children.

It is asked that Newton residents who have or know of a low rental unit that would be available for this family of 11 to please contact Mr. Merrill at the Veterans' Department in Newton City Hall.

The Veterans' Services Director also stated that two other veterans' families in Newton have requested information as to availability of rental units. One of these — NEEDS HOUSING — (Continued on Page 3)

### POLITICAL HIGHLIGHTS

By JAMES G. COLBERT

### Volpe May Bumble Himself Into Hard Fight Next Fall

Governor Volpe appears to be bumbling his way into a hard fight in next fall's election.

A few weeks ago, everything indicated that Volpe would ride in on the crime and corruption issue and win reelection to a second term without too much trouble.

But the recent blunders Volpe has committed have changed the picture to some extent.

Volpe unquestionably hurt himself politically by his backstage maneuvering to defeat a bill which would have lifted the Sunday Blue Laws at 1 p.m. on Columbus Day and Veterans Day.

He left himself open to attack on two counts. 1. He failed to provide the leadership the people have a right to expect from a Governor. 2. He engaged in political intrigue to try to dodge a controversial issue.

It is somewhat difficult to assess the political harm done to Volpe, but his unwillingness to face up to an important question and take a forthright stand on it lowered the esteem in which he is held by many people.

The Newton March of Dimes drive raised a total of \$12,106.87, it was announced today by Maynard Goldman of 20 Nobscot Road, Newton, the 1962 campaign director.

He termed the drive "most successful" and gave special thanks to those mothers who participated in the Mothers' March, and to the many other volunteers whose time and effort contributed to the success of the campaign.

Mr. Goldman expressed the hope that residents of Newton would continue to realize that the discovery of two vaccines has not ended the work of the National Foundation.

"Future programs in birth defects as well as payments for past bills for treatment of people who still live with the dread disease of polio, are two vital areas in need of continued support," Mr. Goldman said.

He recently was elected to the Executive Committee for the Eastern Middlesex County March of Dimes.

## "Cowboys And Engines"

Another summer season is just ahead of us. Good weather and road conditions will lure thousands of motorists to our streets, highways and super-highways and the usual assortment of "cowboys and engines", nit-wits gunning high-powered automobile engines, will be a constant menace to the lives and limbs of their more sensible brethren.

Police and insurance reports again reveal that excessive speed is still the number one killer on our highways, accounting for 33.3 percent of the deaths and 37.5 percent of the injuries.

Almost 83 percent of the accidents causing death and injury were the direct result of violations of the rules of the road. Again, the heedless antics of the highway "cowboys and engines."

Another serious infraction of the rules of safe driving on highways, and one most frequently noted at this time of year and throughout the summer season, is the dangerous "one-armed highwayman" the young nut and his fruit-cake using the high-speed roads for romance.

The cuddly young thing and her brainless companion and chauffeur are snuggled up against the left front door. The goofy Romeo manipulates the wheel with one hand while the other hand and arm embraces the object of his affections. They couldn't be closer—to death. And they are a source of danger to all other motorists who find a more appropriate place for indulging in such pleasures.

Of course, the Jasper who holds the roof on with his left hand while wheeling a speeding automobile along a crowded highway with the right hand is always with us, give and take trips to the hospital for repairs after an accident, or his permanent removal to the happy hunting grounds.

Horrible examples of crackpot driving are in constant evidence for those who regularly ride the highways. Negligence and indifference contribute heavily to the annual traffic toll. Many of these "Hairbrained Harrys" seem blissfully unaware of the power and potential for harm that is embodied in the quiet, smooth-running machine they are driving. In the minds of many serious students of traffic fatalities dwells the thought that excessive power under the hood could be blamed for much of the carnage on the nation's highways.

But speed still claims the top batting average in the fatalities league and a war on speeders has been declared in this state and in many parts of the country by enforcement officers and safety groups. As a reminder to motorists as they set out for a ride this week-end, automobile accidents killed 37,600 people in the United States last year and caused 3,057,000 injuries. Want to play a little "Cowboys and Engines?"

The American cowboy and his faithful four-legged companion, roaming the open ranges of early America, evoke nostalgic memories of days gone by. But the cowboy of today and his destructive four-wheeled steel juggernaut cannot be held with the same fond regard.

## - Political Highlights -

(Continued from Page 1)

The persons who felt most strongly about the measure were the businessmen, who see many millions of dollars flow out of the State on two holidays while their own establishments are closed down, and the hundreds of thousands of workers paid by the day or the hour who can't afford the dent put in their pay envelopes by the existing law.

As Senate President John E. Powers pointed out, the public resentment against Volpe's behind-the-scenes intrigue is likely to be greater next Columbus Day than it is now, and Columbus Day will be just 25 days before the election.

A vast number of people place a businessman in the who didn't pay too much attention to the recent battle in the State Senate will wake up to its full significance when the Blue Laws prevent them from celebrating the day the way they wish.

It is the businessmen, a vast majority of whom supported Volpe in 1960, who were most shocked by the Governor's action and who consider that he let them down.

Volpe is a former head of the Greater Boston Chamber of Commerce. In his campaign two years ago, Volpe urged the voters of Massachusetts to

### OUR READERS SAY

#### On Incinerator

Editor,  
Newton Graphic

Dear Sir:  
We, the residents of Newton Highlands, request that a competent study be made of traffic and congestion in the Elliot street area before any decision is made on the site selection for the proposed new incinerator.

In the past five years, the addition of a supermarket, shopping center, fire house, city garage, office building, and repair shop have added to the already dangerous congestion in the area.

Commuter traffic in rush hours is backed up for blocks where Elliot street meets the Worcester Turnpike at a sharp right angle turn. This is the exact area where it has been suggested that new incinerator facilities should be built. City trucks, carrying incinerator waste, would add a dangerous flow to the already over-taxed street.

The expert report of the engineering study has suggested that the new incinerator be built where clean fill can be used for land improvement rather than be trucked great distances over the streets of the city. The report of the engineers has selected a site where the fill can be used to improve poor land area without any expensive trucking involved.

It is our hope that officials will try to benefit the entire city in their long range planning when considering the selection of an economic site for the new facility. Expedient action at this time can only harm the city in the long run.

### Newton Doctor Completes Army Orientation

Army Capt. Maurice H. Goretzky of Newton recently completed the Medical Field Service School's military orientation course at Brooke Army Medical Center, Fort Sam Houston, Tex.

He is the son of Mr. and Mrs. Abe Goretzky of 37 Commonwealth Ave., Newton. He received his M.D. degree from Albert Einstein Medical School in New York City in 1959 and entered the Army in March, 1962.

more respect for Volpe if he had the courage to stand up and take a public position on the issue, as Powers did.

The fact that Volpe resorted to intrigue to defeat a bill which meant work and jobs completely flabbergasted most businessmen.

Powers came out of the fight with increased prestige looking like a statesman, Volpe with lessened prestige looking like a politician who sought to straddle an issue and was exposed trying to keep a controversial measure away from his desk.

There may be some members of the Knights of Columbus and Italo-American organizations who believe strongly that the Sunday laws should be enforced all day Columbus Day. This writer, however, hasn't encountered many of them.

There may be veterans who feel it would be a mark of disrespect to their fallen comrades to lift the Sunday laws at 1 p.m. on Veterans Day.

Most of the ex-servicemen with whom this department has talked consider that Memorial Day is the day for honoring the memory of those who gave their lives in defense of their country and that Veterans Day is a day of celebration.

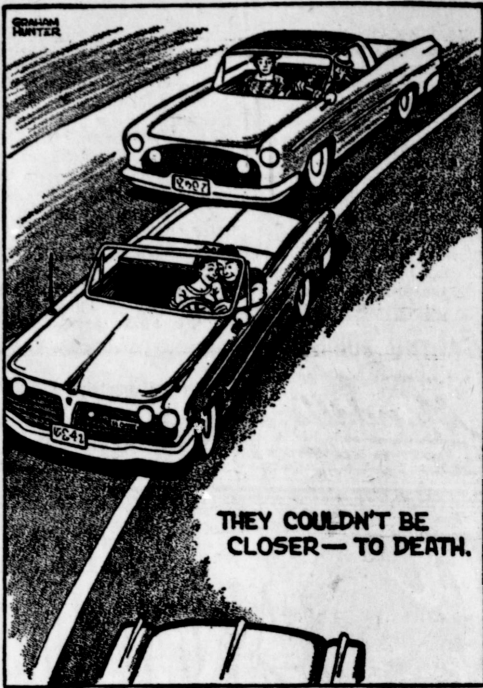

A good many businessmen hurt by the present law are veterans. A large percentage of the workers who lost a day's pay last year because of the existing statute are veterans.

A pressure campaign was conducted against lifting the Sunday laws on both holidays. But it's doubtful that most persons who signed the form letters felt as strongly on the matter as some politicians thought they did.

At his press conference after the holiday bill was killed, Volpe talked all around the bush so that when he had finished, newsmen weren't sure just what he had said.

His performance during the entire controversy over the holiday issue left him vulnerable to the allegations by

### Newton High Music Club's Concert May 31

The Newton High School Music Club will present a concert of original compositions by students of Henry Lasker's Music Theory 1 and 2 classes next Thursday, May 31st at 8 o'clock in the auditorium of Building 111. The public is invited; refreshments will be served.

The classes include symphony orchestra, madrigals, chamber groups, dance band, and vocal solo. Composers for this year's concert include Judy Rothstein, Elliot Evans, Steve Crevoshay, Lee Holdridge, David Jodrey, Don Drouillard, Betsy Daniels, Tina Currens, Rachel Davis, Susan Tepper and Doty Chase.

Two of the compositions presented at last year's concert, those by Donna Lawson and David Jodrey, were performed by the Boston Symphony Orchestra conducted by Harry Ellis Dickson at the Youth Concerts recently.

If Volpe were standing for reelection on his own record of accomplishments, he would have scant chance of gaining a second term. Even staunch partisan Republican politicians fumble and grope when they are asked to cite some of Volpe's achievements.

But the investigations and scandals appear to have created a Republican tide in Massachusetts, and Volpe will be riding with it next November.

Because of the political climate he may win in spite of himself. If he continues his bumbling and bungling, he just might manage to defeat himself regardless of the tide.

### Newton Pastor Baccalaureate Speaker May 27

Dr. D. A. Waite, pastor of the Faith Baptist Church in Newton, will deliver the baccalaureate sermon at Shelton College, Ringwood, N. J., on Sunday, May 27th.

In his absence, Rev. P. L. Davis, of the Society for promoting Christianity Among Jews, will be speaking at both the morning and evening services.

Opposing will be Norman A. Welch, M.D., Speaker of the House of Delegates of the A.M.A. and chairman of Massachusetts Blue Shield, and Ever Curtis, M.D., general practitioner from Gloucester, and mother of five children.

Originator of the series "Thinking Out Loud" Edward V. Hickey, is also a Newton resident. He will be moderator for the panel.

Mrs. Tye's committee consists of Mrs. Malcolm Harris, Ad chairman; Mrs. Carol Levine, jewel chairman; Mrs. Philip Dine, Ad Book secretary. For reservations, call Mrs. Sanford Miller, HO 9-0335.

### Progress Made On School Dept. Office Addition

The Building Appeals Board will be asked to permit construction of an addition to the School Department office building at 430 Walnut St., in accordance with the commercial code, rather than residential. Chairman Melvin J. Dangel of the Aldermanic Public Building Committee said this would result in a substantial saving.

The Board of Aldermen voted Monday night for \$2,400 additional for completion of plans for the addition, expected to cost \$40,000.

### 7 Delegates Named By GOP Ward 5 Group

# 2300 Cancer Crusaders Get Thanks For Work In Newton

More than 2300 Cancer Crusaders in Newton, under the direction of fifty captains and Mrs. Stewart W. Holmes, house-to-house chairman, visited local homes distributing information and requesting donations during the recent Cancer Crusade Night, according to the report issued by Police Chief Philip Purcell and E. Tyler Parkhurst, co-chairmen of the Crusade in this city.

"Our warm thanks goes to these Crusaders," Chief Purcell said. "It is significant that they chose the Cancer Crusade out of the many causes of varying importance," he added. "But if you think about what cause you want to work for, cancer is a thinkable choice." Because it's the disease most likely to strike in a family after heart disease. And because it's a disease we can do something about. We can save lives right now, lives that are being lost. One in every three cancer patients is now saved. One in two could be saved if everybody knew the facts of the disease.

"And so each Crusader can be sure," he concluded, "that, in taking part in our educational program, she is playing the role of life saver. And when she turns in the money she has collected, she can know she is helping research which will one day bring incurable cancer under control."

Mr. Parkhurst stated that the question most often asked is, "What happens to the money I give to the American Cancer Society?"

"We are happy to answer questions about how public money is used," he said. "We don't want anybody to buy a pig in a poke." Sixty cents out of every dollar we raise will stay right here in Massachusetts, to be used for local and regional cancer control programs. Forty per cent of funds raised will go to the national Crusade; twenty-five per cent to support nationwide research; twelve per cent to administer national programs of professional and public education and service; and the remaining three per cent for medical grants, scholarships, and fellowships."

Treasurer of the Crusade, William H. Rice, reported that with approximately 800 kits still out, \$17,235 of the \$40,000 goal has been collected. "We are anxious to have every kit accounted for," he said, "not only because we want the money as soon as possible, but also because in order to keep overhead costs at a minimum, all unused material will be used next year." "Kits may be returned," he said, "to the West Newton Savings Bank or the police station on Washington Street in West Newton or to the Newton Savings Bank on Centre Street in Newton Centre; or they may be mailed in the original envelope with the Crusader's name crossed off and an arrow pointing to the American Cancer Society, 138 Newbury Street, Boston. It is hoped that when all pledges are in we will have reached our goal."

Special appreciation was expressed by the chairmen to members of the West Newton and Newton Savings Banks, who counted money on the night of the Crusade. These included: Roy Boudreau, Mary E. Day, Judith MacBride, Margaret McGrail, Thomas McBurney, Eleanor Moore, Mary Palagruito, Richard Quinn, Paul L. Shakespeare, and Helen B. Smith. Joseph Tremontozzi, who last year was given a citation by Edward Kennedy, 1961 chairman of the Massachusetts Cancer Crusade, was thanked for his year-round support of the American Cancer Society through his donation of all tips in his barber shop and his efforts to interest other barbers in the project.

## Congregational Group Meets At Conclave Center

A group consisting of officers of the Newton Highlands Congregational Church, together with chairmen of committees and some committee members, recently met at the Congregational Conference Center in Framingham, for their annual retreat.

## Music Pupils Audition For Soloists Spots

Perhaps half a dozen musically talented Newton High students were selected this week by Donald March, director of music for the Newton schools, to audition Saturday for a chance as soloists at a concert this summer with the newly-formed Brighton Pops Orchestra.

The 53-piece all-woman orchestra is now in process of formation. Plans are to present a 10-week concert schedule at the MDC tent on Soldiers' Field Rd., Brighton. Local music students are auditioning for a chance to perform with the group.

The all-woman orchestra was conceived by Mrs. Marion Sutcliffe of 386 Winchester St., Newton.

It will be conducted by Reuben Gregorian, conductor of the Boston Conservatory Orchestra and the Portland Symphony Orchestra. The Brighton Pops would be a non-profit organization and money collected from admissions would go toward scholarships for winners among the soloists, both boys and girls.

Mr. Gregorian will conduct the auditions at the Conservatory in Boston Saturday at 2 p. m.

## Newton Wins-- Loses GBI Track Crown

Newton High school's track team, first declared the winner of the Greater Boston Interscholastic meet Saturday at White Stadium, actually finished second with 58 points. New Bedford emerged the winner with 60 3/5 points.

During the hustle and bustle, Jack Moffet, who finished third in the freshmen-sophomore mile, was placed in the Newton column, instead of Lawrence Central. A re-check showed the error.

It also showed that the time of 21.4 by Bob Bateman of Lawrence in the 220 broke both the Junior and Senior records but tied the State Meet Class A record for the distance.

## Incinerator Set-

(Continued from Page 1)  
touched off a series of skirmishes. Alderman Harry L. Walen moved that the three items - the bond issue and the two appropriation orders - be referred back to committee for further study.

His motion was seconded by Alderman William H. Prentice but was defeated on a 15-7 rollcall vote.

Alderman Harry H. Ham, Jr., next moved that the committee report (with the provision that the incinerator be located on Elliot street) be accepted. His motion was seconded by Alderman Joseph G. Bradley, an energetic opponent of the plan for building the incinerator on the Pine street dump.

Alderman Theodore D. Mann stepped into the argument to move that the committee report be amended by eliminating the specification that the incinerator be located on Elliot street.

Mann's motion was seconded by Alderman Franklin N. Flaschner but was defeated by a 16-6 rollcall vote.

Again Ham moved that the committee report be accepted and approved, and again Bradley seconded his motion.

### Seven Aldermen In Move Blocks Action

With the earlier votes making it apparent that the measures would be approved in the form submitted by the two committees, seven Aldermen then raised a charter objection to block action at Monday night's meeting.

The seven were Walen, Prentice, Flaschner, Mann, Charles H. Morang, Ernest F. Dietz, and President Wendell R. Bauckman.

Since Wood about a month ago raised a similar charter objection against the same matter, action could be delayed a second time only by a charter objection raised by five or more Aldermen.

The same seven Aldermen, who raised the charter objection, voted in favor of Walen's motion to refer the incinerator measures back to committee for further study.

The 15 who voted against the motion were Aldermen Winslow C. Auryansen, Adelaide B. Ball, Joseph G. Bradley, William C. Carmen, Melvin J. Dangel, William A. Diman, William M. Glovsky, Harry H. Ham, Jr., George L. Hicks, Charles F. Hovey, John P. McCarthy, John F. Nixon, Robert Tennant, Allard M. Valentine, and Earle D. Wood.

On the motion to eliminate the Elliot street location for the incinerator from the appropriation order, Bauckman shifted and voted in the negative, making the count 16-6.

Bauckman's position is that he favors the Elliot street site over the Pine street location but that he is willing the matter be given further study. Consequently, he also joined in the charter objection.

One of the protest raised yesterday by residents in the Elliot street area is that a request for a public hearing on that location was denied by the Aldermen and that they have not been afforded an opportunity to express their views.

Mayor Gibbs has indicated that he thinks the Pine street dump is the best location for the incinerator but that he would accept any site picked by the Aldermen.

Under the plan apparently favored by a big majority of the Aldermen the new incinerator would be erected next to an old incinerator on Elliot street which has been in use about 30 years.

## Injured Local Women Plan Return To Polaroid Plant

Two Newton sisters-in-law who were injured in the roof collapse at the Polaroid warehouse in Needham last Friday afternoon are recovering from the experience but making plans to return to work as soon as the company calls them.

Mrs. Kenneth (Edna) Binall of 60 Kenneth St., Newton Highlands, was among nine of the injured treated for shock at Glover Memorial Hospital. She was released the next day and brought home. Mrs. Thomas (Ellen) Binall, her next-door neighbor at 58 Kenneth St., suffered forehead lacerations. Both are mothers of grown up children and began working a year ago at the Polaroid assembly line.

Both were working near Miss Catherine O'Rourke, 27, of South Boston, who was fatally crushed by the collapse of a section 300 feet by 60 or 70 feet across. The roof collapsed under the weight of millions of gallons of water poured on by employees of the building construction firm, seeking leaks in the roof.

The two sisters-in-law worked in the Kit and Set area of the plant and expressed sorrow over the death of Miss O'Rourke.

"She was a fine girl," said Mrs. Ellen Binall. "Fortunately, the accident occurred when most of the workers were on a coffee break."

"My doctor told me the best thing I could do would be to go back," she continued. Twelve persons were injured in the mishap, which employees described as sounding "like a tornado with a whooshing sound."

Nine of the injured were taken to the Needham Hospital, and three to Newton-Wellesley Hospital. Police Chief Philip Purcell headed a dozen Newton officers who rushed to the scene, and the rescue truck was operated by Safety Officer Gilbert J. Champagne.

Fire Chief Frederick A. Perkins Jr. and the rescue truck went to the scene of the mishap, while Engines 8 and 10 covered at Needham stations from 1:47 to 5:24 p.m.

Joseph R. Piselli, a native of Newton who is a market manager of aerospace for Bell Aerosystems, Buffalo, N.Y., has been named a Sloan Fellow in Industrial Management at MIT for the academic year 1962-63.

# MASS MEETING TONIGHT TO BLOCK INCINERATOR

## Expect Emerson School To Be Jammed As Fight Flares Over Elliot Site

Scores of aroused residents will attend a huge mass meeting at 8 p.m. tonight (Thursday) at Emerson School in Newton Upper Falls to protest plans to build a \$2 million incinerator on Elliot St., Newton Highlands.

This promises to be the most vocal of a series of steps taken by members of various improvement associations to forestall construction of the new incinerator next to an old incinerator on Elliot St., which has been in use for about 30 years.

The mass meeting was called by an Emergency Committee on Public Safety which was hurriedly organized after the May 21st meeting of the Newton Board of Aldermen. Indications then were that a big majority of the Board favored the Elliot St. site, rather than a site on Pine St., in West Newton.

Final action on the matter comes up at next Monday's meeting of the Aldermen. It is expected that this session will attract one of the biggest turnouts to converge upon City Hall in recent years.

Seven Aldermen who raised a charter objection stalled action on the incinerator matter at the meeting 10 days ago, and delayed final decision until next Monday evening.

Since then opponents of the Elliot St. site have taken the following steps:

- Formed the Emergency Committee on Public Safety and elected officers;
- The committee engaged Atty. John M. Mullen of 169 Elliot St.;
- Arranged for tonight's mass meeting;

- Started a letter-writing campaign to the Aldermen;
- Conferred with several of the Aldermen and with Mayor Donald L. Gibbs;
- Announced that court action is not contemplated "unless it is absolutely necessary."

The mass meeting tonight is open to all interested residents.

It was called by Improvement Associations of Newton Upper Falls, Newton Highlands, Elliot Hill, Waban and —MASS MEETING— (Continued on Page 14)

## 103 Awards Presented At Boys' Club Dinner

The Eighth Annual Newton Boys' Club Awards Dinner was held last Thursday night, May 24, at Our Lady's High School cafeteria with 250 Boys Club award winners, their relatives, friends and invited guests, present.

Trophies and awards were presented to 103 club members for their performances and outstanding achievements during the 1961-62 season.

Frank M. Simmons, director of Health, Physical Education and Safety in the Newton public schools, was the principal speaker. The invocation was given by the Right Rev. Walter J. Furlong, a member of the board of directors of the Boys Club; Philip F. Cacciatore, chairman of the Award Dinner committee, was the presiding officer. ## Fireman Hurt In \$7500 Fire At Pillar House

An accumulation of grease in an overheated flue has been blamed by fire officials for the \$7,500 blaze at the Pillar House in Newton Lower Falls last week.

Flames spread to the roof of the one-story kitchen and to the second floor dining room of the main building. The cook, Charles Savage, tried to put out the blaze with a hand extinguisher.

Fireman Joseph Tedeschi, 41, of 504 Watertown St., Newtonville, was treated at Newton-Wellesley Hospital for a cut finger.

## Second Sabin Polio Serum Is Due June 11th

The second phase of the oral Sabin anti-polio vaccine will be given during the week of June 11 to the Newton children who received the first two drops of serum during the week of May 7, according to Dr. Edward J. Sawyer, acting director of Public Health.

The second phase will be type III Sabin vaccine. Type III is the second most prevalent strain of the crippling disease occurring in Massachusetts.

Youngsters who received the first dose during the May 19 clinic will not be eligible for the second dose on June 11 because of the time lapse required.

## POLITICAL HIGHLIGHTS

By JAMES G. COLBERT

## Stormy Democratic Conclave Is Predicted For Next Week

One week from now the delegates will be assembling in Springfield for the most exciting and probably the stormiest Democratic State Convention held in Massachusetts in a generation.

Nation-wide attention will be centered on next week's conclave because of the prominence of Edward M. (Ted) Kennedy and Attorney General Edward J. McCormack, Jr., opponents for the endorsement for the U. S. Senate.

Yet, just about every possible blunder has been made in planning this convention.

It will be held in a hall which is too small. It will be conducted in a city which can provide hotel accommodations for only a small portion of the delegates who will be quartered all over western Massachusetts.

Why Springfield was chosen as the site for this convention is a baffling mystery unless it was to aid one candidate over another.

Either the Boston Arena or the Garden would have been the logical place to hold the conclave.

## One Killed, 30 Injured In Weekend Crashes

A Newton resident was killed and some 30 persons were injured in a series of weekend automobile accidents involving local drivers in this city, Waltham and in Wellesley.

William G. Madden, 35, of 32 Maple St., Newton, suffered a fractured neck and apparently died instantly early Sunday when his auto suddenly straddled the center island and crashed into an abutment at the Main St. overpass east of Linden St. Waltham.

He was pronounced dead at Waltham Hospital, and Waltham police said he might have fallen asleep at the wheel. It was Waltham's first motor fatality of 1962.

## Boston College Honorary Degree For Dr. Duncan

A Newton resident, Dr. Christopher J. Duncan, noted gynecologist, will be one of eight recipients of honorary degrees to be conferred by Boston College at its Commencement exercises to be held Monday, June 11.

Dr. Duncan will receive a Doctor of Law degree. He is a graduate of Boston College, —DR. DUNCAN— (Continued on Page 13)

## Bishop Hannan At Sacred Heart Commencement

Most Reverend Philip M. Hannan, Auxiliary Bishop of Washington, D.C., will be commencement speaker at Newton College of the Sacred Heart, Monday, June 4. Among the 123 graduates is Miss Maureen Hannan (Wash., D.C.), a niece of Bishop Hannan.

Baccalaureate speaker on Sunday will be a member of the College's Advisory Board, Rev. Paul A. Fitzgerald, S.J. Father Fitzgerald is a director of the Jesuit Educational Association in New York.

**SWIMMING AWARD**—Gilbert J. Champagne, safety service chairman for the Newton Red Cross, presents Red Cross emblem and pin to Miss Marie Thurber of 12 Maple street, Auburndale. Miss Thurber was the first Newton girl to complete the 50-mile swim held in connection with President Kennedy's physical fitness program.

## Muther Favors Reapportionment Of Lower House

Rep. Lorenz F. Muther Jr. (R-Newton) today announced he supported the proposal of Newton Attorney Irving Fishman that the State House of Representatives be reapportioned.

"I thoroughly agree with my constituent that suburban voters don't have the full number of representatives to which they are entitled," said Muther.

"Of course if Newton were given the one additional seat which is all Middlesex County would gain by a reapportionment before 1965, I believe its Republican strength in the House would be greater," he said.

IRVING FISHMAN

## Irving Fishman Seeks Election To House Seat

Attorney Irving Fishman of 1457 Beacon st., Waban, announced this week that he will be a candidate for the House of Representatives in the fifth Middlesex district.

He will stand as a Democratic candidate. Two years ago, he made a strong run as the Democratic nominee in this district.

A practicing attorney for nine years, Fishman is a graduate of Boston University and B. U. Law School.

Married and the father of two children, he is a director of the Newton Civic Association, a member of the executive board of the Fair Housing Practices Committee and a member of the Massachusetts Civil Liberties Union.

He has been fighting for a reapportionment of the House districts after discovering in 1960 that the district in which he was running had far more voters than some of the House districts in Boston with comparable representation on Beacon Hill.

Attorney Fishman said that the Massachusetts Constitution requires legislative reapportionment every 10 years but that this requirement has not been met in the case of the House of Representatives.

He has taken his case to court and is seeking judicial assistance to correct the situation. It is unlikely, however, that any resulting court action would affect this year's elections.

## - Political Highlights -

(Continued from Page 1)

More bitterness has preceded the coming convention than any this writer can recall. There is a serious danger that it will erupt when the delegates are herded together in a small, crowded hall.

Decisions which could have helped to set the stage for a businesslike, orderly convention have not been made.

As this is written, it appears that a floor fight will be waged over the selection of the chairman of the convention.

That could have been avoided by getting the candidates together and reaching an agreement on a chairman acceptable to all of them.

It is not likely that any of them would object to the choice of a man such as Senate President John E. Powers who is noted both for his parliamentary ability and his fairness as a presiding officer.

It's still possible that this

accommodate the delegates, let alone the bands and demonstrators.

Ironically, the convention, which will generate so much fire and fury, probably isn't going to settle much of anything.

As the rolls are called on Friday night and Saturday of next week and the delegations from the 40 senatorial districts report their vote totals, it will represent the climax of hectic weeks and months of campaigning by Democratic candidates for high public offices.

Yet, how lasting the victories won at Springfield will be and how losing contenders will abide by the decisions of the convention, are questions which leave serious doubt as to how many fights the conclave actually will resolve.

An endorsement by the Democratic State Convention will provide a psychological lift and beneficial publicity for each candidate achieving it.

The convention winners will get the top spots in their respective contests on the September primary ballot. Apart from the prestige involved that is about all they will win.

They will be able to tell the voters in the primary campaign that the Democratic convention picked them over their adversaries, or that their opponents didn't submit themselves to the official party conclave for consideration.

But most of the losers at Springfield will pause only long enough to nurse their wounds, get their second wind and then will head on into the primary, announcing their determination to carry their fights directly to the voters.

The big battle at the Springfield convention—the one all the nation will be watching—will be between Attorney General McCormack and Ted Kennedy for the endorsement for the U. S. Senate.

Because one candidate is the younger brother of the President of the United States and the other is the nephew of the Speaker of the national House of Representatives, their contest will command country-wide and possibly even world-wide attention.

All the indications are, however, that the convention clash will be just the first round in their fight which will be won and lost, not in a crowded Springfield convention hall on the night of June 8, but when the ballots are counted in 351 cities and towns of the State on the night of Sept. 18.

Ted Kennedy has said he will run in the primary regardless of what happens at the convention.

McCormack originally declared that he would abide by the convention decision if he were defeated in a fair fight in which he and Kennedy were judged on their qualifications.

But he has charged angrily that the convention is being rigged in favor of Kennedy by Democratic State Committee Chairman John M. (Pat) Lynch. That just about washes out any possibility that McCormack will withdraw from the Senate fight if he is defeated at Springfield.

Both McCormack and Kennedy have asserted that they expect to win at Springfield. Both appear confident as they move toward the showdown of their struggle for delegate support.

It's conceivable, of course, that an agreement may be reached at Springfield, after their convention fight is settled, that the loser will shift and run for some other office in order to avoid a damaging primary battle. But it's highly improbable.

**HOSPITAL ASSOCIATION OFFICERS**—James V. Sidell, extreme left seated, of Newton, turned over the presidency of the Brookline Hospital Associates, to Leon Schulman, seated center, also of Newton, at recent meeting. Herbert Carver, extreme right, seated, vice president, also is of Newton. Standing, left to right, Morris Weisberg, of Swampscott, secretary; Martin Alpert, treasurer; and Albert A. Miller, vice-president; both of Newton.

These two young men seem to be determined that they want a seat in the U. S. Senate and will settle for nothing else. If they remain on their present primary collision course—if no agreement is made at Springfield—one of them will wind up with nothing.

In the remaining few days before the Springfield conclave McCormack and Kennedy will have only one thing in mind. That will be to line up or swing into their camp every possible delegate.

The delegates will be under terrific pressure. Some of them undoubtedly will be complaining about it. But anyone who can't take pressure shouldn't be a delegate, at least not in this kind of fight. As Harry Truman used to say, if you can't stand the heat, stay out of the kitchen.

Most of the delegates now are committed either to McCormack or Kennedy. The number of fence-sitters is dwindling.

On the basis of all the reports it appears that McCormack and Kennedy are coming down to the wire in a close race. Neither appears to have the endorsement sewed up.

Estimates by the contenders themselves or their spokesmen as to the number of pledges they have don't mean much at this stage. Candidates don't sell their own prospects short. Political leaders who promise to deliver blocs of delegates

sometimes discover they can't make good on their pledge.

Some delegates obviously are being counted by both candidates as on their band-wagons.

A few delegates have shifted their positions. Some are tight-lipped as to how they will vote.

It all adds up to a confusing picture. From where this writer views it, either McCormack or Kennedy may win, and the margin of victory in either case probably will not be a large one.

A great many delegates are still on the fence in the contest for the Democratic gubernatorial endorsement. One reason for this is that they are still clinging to a thin thread of hope that the loser in the McCormack-Kennedy convention struggle will shift to fight for the Governorship.

As stated previously, that is possible, but extremely unlikely.

Lieutenant Governor Edward F. McLaughlin, Jr., is rated by most Democratic politicians as a slight favorite to capture his party's endorsement for Governor.

Supporters of former Governor's Councilor Endicott (Chub) Peabody insist that their man is out in front.

Registrar of Motor Vehicles Clement A. Riley is making no claim other than to declare that he will go into the convention with a substantial amount of delegate support.

If Riley is right—and it is reasonable to assume he is—the gubernatorial fight will not be settled on the first ballot and, in fact, will be decided by the shifts and switches which occur after the first call of the roll.

Peabody, while emphasizing that he expects to get the convention nod, makes it plain that he will run in the primary whether he wins or loses in Springfield.

McLaughlin virtually rules out the possibility of a defeat at Springfield. A setback there obviously would come as a surprise to him. He has not said what he would do in such a turn of events.

Riley may be going into the convention with a substantial bloc of delegates, but he is not going in with enough to win on the opening ballot. His chances of getting the convention endorsement hinge on a first-ballot stalemate and subsequent shifts.

To sum it up, if McLaughlin or Riley comes out as the convention choice, either would still have to face Peabody in the primary. Peabody, in turn, would have little hope of a free ride in the primary if he gets the convention nod, although McLaughlin and Riley have not said what they will do if they lose at Springfield.

Most difficult fight of all to figure is the four-cornered clash for the Democratic endorsement for Attorney General between State Senator Richard R. Caples, State Senator Mario Umana, Representative James R. Lawton and former Secretary of State Joseph D. Ward.

Caples has been picking up ground noticeably in the past few weeks. Umana has a solid core of strength. Lawton is backed by many Democratic House members. Ward does not shape up as nearly as strong as he has been in past years but still is a dangerous contender.

Caples, Umana and Lawton all probably would be likely to abide by the convention decision. Ward, who is out of office and attempting a political

## Harvard Frosh Sets Javelin Varsity Mark

Peter Lamp, Harvard freshman from Newton Centre, created quite a sensation among Crimson track fans during the recent Yale meet.

The 6 ft. 2 in., 170 pounder threw the javelin 212 feet 6 inches to set a new University record. His heave smashed a mark that has stood since 1958. Freshman Coach Ed Stowell says, "Lamp is the best javelin prospect we have ever had. At the rate he is improving, he could hit 225 feet in the near future."

Lamp was graduated from Exeter where he lettered four times in track and twice in basketball. He holds the school records in the pentathlon, the freshman and sophomore decathlon.

Lamp plans to major in physics, and hopes to find a career in that field. He is the son of Mrs. Anna Lamp of 1554 Herrick Road in Newton Centre.

## Waban Couple Acquire Maine Summer Theatre

There's no biz like show biz... and here's a couple that wants to know why.

The Edward S. Dangel, who winter in Waban and summer in Naples, Me., with no previous financial ties to the theatrical world, have ventured into the footlight parade by purchasing a famous old summer theatre in Harrison, Me., Deertrees by name. It opens on July 2nd.

"This is strictly a summer hobby with both of us," explains Mr. Dangel with obvious enthusiasm sparkling in his eyes. "Both my wife and I are engaged in other business the whole year and this move to operate Deertrees is almost an impulse buy because we both love the theatre and all phases of its operation."

Dangel, who has a successful greeting card business, cautiously admits that this is not his first encounter with the stage. "In fact, he confesses, 'I worked at Deertrees in 1936, when it first opened for one month as a stagehand working the curtains.'"

His wife, Ruth, cannot boast of such professional back-

ground but she proudly admits to participating in several amateur shows.

With this as experience in the theatre, the two intrepid Wabanites have embarked on an unpredictable career directing the entire operation of a stage company plus handling big name stars who will be headliners in the weekly shows at Deertrees.

"All the success we have had in signing up top notch stars of Hollywood, Broadway and television to be featured in our shows is due to my wife's tenacity, determination, will-power and blissful unawareness of theatrical protocol," smiled Mr. Dangel.

## Mail Letters Asking Open Spaces Ideas

The Newton Conservators, Inc., wants to know the identity of residents who want to preserve the open spaces of the Garden City.

This week a trial mailing is being sent to 1000 Newton residents in an effort to test whether there is sufficient local interest in supporting a city-wide voluntary organization to protect open and natural areas for educational, recreational and conservation purposes.

"Pressures to develop Newton's remaining open land is extreme and Newton cannot rely on the Metropolitan District Commission to expand its present holdings of park and recreational lands here," said Benjamin F. Shattuck, president of the Conservators in his letter.

"The city government can not now be expected to add a land acquisition program to its already heavy capital cost load," continued Mr. Shattuck. "Yet now is the important time — the last chance."

The Newton Conservators, Inc. was recently established to help conserve either small or large open areas in Newton; to later undertake improvements in the physical aspects and uses of those lands where appropriate; to provide a city-wide organization to help give focus and direction to the efforts of heretofore individual or scattered groups.

Those who are interested in conservation and its dividends to a community are urged to contact any of the officers or directors of the Conservators. They are:

Benjamin F. Shattuck, Newton, president; Allard M. Valentine, Auburndale, treasurer; Lorenz F. Muther Jr., Waban, clerk; Mrs. Arno H. A. Heyn, Oak Hill; Dr. Richard Lennihan Jr., West Newton; James H. Lewis, Newtonville; Jack M. Roberts, Newton Highlands; Rabbi Murray I. Rothman, West Newton; David W. Skinner, Waban; Dr. Augustus Thorndike, Chestnut Hill; Irving Usen, Newton Centre.

### Canadian Trip Followed Boucher-Oteri Wedding

The Sacred Heart Church in Newton Centre was the setting recently for the marriage of Miss Nancy Marie Oteri to Paul Andre Boucher.

The bride is the daughter of Mr. and Mrs. Anthony John Oteri of 38 Maplewood avenue, Newton Centre. Mr. and Mrs. Edward Dennis Boucher, of New Bedford, are the bridegroom's parents.

The Rev. Martin McCabe celebrated the 11 o'clock nuptial Mass and performed the double-ring ceremony. The Sheraton Plaza Hotel in Boston was the scene of the reception.

Her princess crown, made of seed pearls, was fastened to a silk illusion veil. She carried her prayerbook with a bouquet of stephanotis, snapdragons and a single white orchid.

Matron of honor for her sister was Mrs. Nelson LaFrancis of Agawam. Miss Eda Larkin of Newton, Miss Madeline Branchaud of Woonsocket, R.I., Mrs. James Miller of Newton, Miss Jean Pettit of Medford and Mrs. Richard Santos of New Bedford were her other attendants.

Spring is past and summer is here. An apropos season for the outdoor wedding. The mingled scent of banked flowers and June's balmy breezes will make your wedding day nostalgic and a most memorable occasion.

In this informal atmosphere, your outdoor reception can be dignified, full of imagination and spiritual meanings, not to mention its added charm and prestige.

However, to keep the procedure of an outdoor wedding beautifully integrated, is an art in itself. And it makes no difference how small or large the wedding might be, it is still the task of a professional.

A professional anticipates all the details and knows on whom he can rely for the various arrangements. For instance, he knows the personal attention of Lombardi Florists, will be given to all their wedding floral arrangements. She will design the bridal bouquet and complete the bride's entourage to complement each other.

The professional wedding consultant knows that the best wedding cakes and pastries come from Boschetto's Bakery. He does not overlook the bride's accessory, her groom. He guides the groom, who is rarely concerned with being a "Beau Brummel," to the most trusted name in men's formal wear rentals, Cummins Men Store.

With so much care and attention given to the bridal party's attire, the professional knows the bride and groom will want all these details carefully and expertly photographed. Vantine Studios assures them of this. Timing and expression are important on your wedding day and Vantine's photographers can be relied upon to capture the smallest details to the most fleeting expression.

If an outdoor wedding is not in order, the wedding consultant remembers to select an air-conditioned restaurant like Valle's. Valle's, noted for their excellent food and beverages, has beautifully decorated, air-conditioned rooms for banquets and wedding receptions. Miss Curley, their charming bridal hostess and responsible for a smooth-run reception, will escort you downstairs onto the plush carpeting into these elegant rooms that are sure to please any bride.

After the reception, the happy couple will leave on their well planned honeymoon. Upon the consultant's advice, they will have spoken with Mr. Carne at the Touraine Travel Service. Because of Mr. Carne's vast knowledge and experience in the travel business, he will have prepared a personalized plan for the honeymooners to fit their budget, at no extra cost to them.

Every detail of every phase of the perfect wedding is the concern of the professional wedding consultant.

As a professional wedding consultant, I offer you my wedding directory with only the most trusted names in the wedding business.

If you have any questions on wedding etiquette, please send them to me in care of this newspaper or directly to my office at 431 Hyde Park Avenue, Boston 31, Mass.

# WILL THE TOLL ROAD THROUGH NEWTON AFFECT YOU?

Many Newton families and businesses will be displaced by the Toll Road extension.

Judging from the progress which the Toll Road has already achieved in its first few weeks of construction, this displacement will occur in the immediate future.

Because of the urgency involved, the Senior Officers of all the Newton Banks, united in the Newton Bankers' Association, have spent many hours studying the possibilities available to local residents. They, with the complete cooperation and endorsement of the Newton Chamber of Commerce, offer the following suggestions to those whose homes and businesses are in the path of the new Toll Road:

## PRIOR TO "OFFICIAL NOTICE OF TAKING"

If you have **NOT** as yet been notified that your home or business location will be taken by the new Turnpike:

Consult your local bank regarding the advantages of rewriting your **PRESENT** mortgage so you will have funds available to buy a new home or replace property for your business. If your property does **NOT** have a mortgage, consult your local bank for an "interest free, equity mortgage" which will be greatly helpful to you in purchasing replacement property. If you have already found a new location, let one of the local banks listed below arrange a mortgage on **BOTH** the new and old property.

## AFTER "OFFICIAL NOTICE OF TAKING"

If you have already been notified to vacate your present property, it may be possible to arrange a Commercial Loan which will make funds available to you to purchase a new home or business location.

## TENANTS:

If the home you are now renting will be taken by the Turnpike Authority, we suggest you immediately consider the advantage of home ownership, financed by one of the local banks listed below. Replacing your home or business is a tremendously important step and requires careful, considered deliberation. Your local bank -- vitally concerned with this problem -- will do everything it can to assist you in whatever way possible.

REMEMBER, THE TIME FOR YOUR DECISION IS NOW!

## 'Action' Sets Its Sights On Postal Safety

Dogs, broken stairs and piazza floors, roller skates and toys in dark halls, speeding vehicles, slippery walks, are all included in the "ACTION PLAN" of the Boston Postal District which is designed to cut down the \$200,000 cost of accidents to employees and equipment in the postal district each year.

Postmaster Ephraim Martin said today the public must have an interest in this campaign. Every safety hazard encountered by carriers or motor vehicle operators in the delivery or collection of mail is only reflected in service, and correction can be made only with public cooperation.

During this intensive campaign all postal vehicles will be checked for speed while on scheduled trips and drivers will be given special tests. Films showing the horrors of accidents will be shown to employees and statistics on lost income from accidents will be shown at the one hundred offices in the postal district.

A roller skate in a dark hall not only costs a carrier months of suffering but it also deprives the patron of a well-liked and experienced postman, as well as costing the government thousands of dollars.

Wrongly parked vehicles near street letter boxes have caused accidents to collectors while the biting dog is now in his gayest mood at this season of the year. "ACTION" aims to assure safety to the public, the postal employees and eliminate heavy costs for needless accidents, postal officials said.

Letters of appreciation were received this week by Chief Frederick A. Perkins Jr., of the Newton Fire Department, one from the Fire Chief of Weston for mutual aid in a brush fire and the second from the Sherman Paper Products Co.

The letter from Chief Maurice L. Upham said: "May I extend to you my sincere thanks and appreciation for the service of your men and apparatus on the occasion of the brush fire set by the B.M.R.R. on April 23, 1962."

"The longer we are in this profession the more we realize the value and importance of mutual aid, and I want you to know that your action in this regard was very much appreciated by me."

The second letter was signed by Edgar W. Pitt, president of the Sherman Paper Products Co. This letter follows: "I want to take this opportunity to thank you and the members of the Newton Fire Department for the quick response and very capable control of the fire which we had at our Newton facility on April 21."

"I was at the scene of this fire and watched your men in action. I know they did a tremendous job in preventing the fire from spreading. ## Mass Meeting-

(Continued from Page 1) Oak Hill, the Newton Highlands Woman's Club and the Winchester St. Improvement Association.

Within 48 hours of the Aldermanic action, representatives of the various groups met at the Civic Hall for the purpose of "preventing precipitous actions by the Board of Aldermen on site location of the proposed two-million dollar incinerator."

Elected president of the Emergency Committee was Harold M. Band of 53 Margaret Rd., Newton Highlands, president of the Newton Highlands Improvement Association.

Pastor Is Chosen

Honorary Chairman Rev. John Arthur Samuelson, pastor of the Newton Highlands Congregational Church, was chosen honorary chairman of the Emergency Committee.

Other acting officers of the committee are vice president, Alfred S. Carroll, president of the Newton Upper Falls Improvement Association; recording secretary, Mrs. John Locke, legislative chairman of the Newton Highland Women's club; corresponding secretary, Mrs. Doris Richmond, president, Elliot Hill Improvement Association; treasurer, Henry A. Allen, president of the Winchester St. Improvement Association.

The protest of the various groups is based on the report of an engineering study which cost \$10,000 and recommended that the new incinerator be built on the location Pine St. dump in West Newton.

However, the Aldermanic Finance and Public Works Committee attached a rider in reporting out Monday night a \$129,000 appropriation to finance the planning of the incinerator. The rider stipulated that the expenditure of the funds was authorized subject to locating the new incinerator on city-owned land.

Charge Aldermen With "Railroad Job" Spokesmen for the Emergency Committee maintained that the Aldermanic move was "a railroad job" and that the attachment of the rider was illegal. The spokesmen contended that it was up to the Mayor and other officials to

decide where the new incinerator should be and that it was the legal obligation of the Aldermen only to authorize the payment for the work.

Mr. Band, the president of the Emergency Committee, announced that Mayor Gibbs and the Board of Aldermen have been invited to attend tonight's mass meeting.

The featured speaker will be Donald Cummings, the engineering expert who made the study on which the firm of Metcalf and Eddy based the recommendation proposing the Pine St. site.

Incidentally, the residents of the Pine St. area also are vigorously opposed to locating the incinerator in that section.

The mass meeting also will be given a report on conferences earlier in the week with Mayor Gibbs, members of the Board of Aldermen and other city officials.

At these conferences members of the Emergency Committee presented information concerning traffic, trucking, fire protection, cost, and tax consideration involved in selection of a site for the new incinerator.

Band Sends Letter To Aldermen President Band, in a letter to the Aldermen, stated: "In the past five years, the addition of a supermarket, shopping center, fire house, city garage, office building and repair shop have added to the already dangerous congestion in the area."

"Commuter traffic in rush hours is backed up for blocks where Elliot St. meets the Worcester Turnpike at a sharp right angle turn.

"This is the exact area where it has been suggested that new incinerator facilities should be built. City trucks, carrying clean fill from the

The force of gravity works in the water as on the land, but it is much easier to overcome in the water. Your own buoyancy is working for you. Even so, warns the Institute for Safer Living of the American Mutual Liability Insurance Company, gravity claims many water victims each year because they have not learned to float or tread water properly. Master these two methods of keeping your head above water and you can overcome gravity's force easily.

Beware of the Four Horsemen of the Waves. These, states the Institute for Safer Living, are Panic, Exhaustion, Overconfidence and Inexperience. They reap a rich harvest of lives by drowning each year.

Don't drive after drinking—or swim either, warns the Institute for Safer Living. Alcohol tends to impair physical ability and to cause poor judgment, often results in taking unnecessary risks.
